GURU NANAK DEV UNIVERSITY

Guru Nanak Dev University was established on November 24, 1969 to mark the birth Quincentenary of Sri Guru Nanak Dev Ji, the founder of Sikhism. The University upholds the teachings and values of the Guru, the apostle of universal brotherhood, truthfulness, non-violence, compassion, tolerance, harmony, humanity, who strictly observed moral and ethical values in daily life.

Ever since its foundation the endeavour of the University has always been to meet the objectives enshrined in the Guru Nanak Dev University Act 1969, which emphasize that the new University would make provisions for imparting education and promoting research in the humanities, learned professions, sciences, especially of applied nature and technology. Hence, it has been promoting education in such fields as Basic and Applied Sciences, Arts, Management, Information Technology, Media, Industrial Technology, Environment, Planning and Architecture Studies. In addition, research on the life and teachings of Guru Nanak Dev ji, promotion of Punjabi language and spreading education among educationally backward classes and communities are its other commitments.

The UGC conferred this University with status of “University with Potential for Excellence” in 2012. The National Assessment and Accreditation Council (NAAC), Bangalore in December 2022 re-accredited the University in 4th cycle with **CGPA of 3.85 out of 4-pointscale at “A++” grade** highest level, as per accreditation framework of NAAC. Earlier, it had been accredited at “A” grade level in 2000, reaccredited in 2nd cycle 2007 with CGPA of 3.50/4.00 then reaccredited in 3rd cycle in 2014 with CGPA 3.51/4.00. The current H index of the university is 134 indicating the quality of research publications at national and international level.

Guru Nanak Dev University, Amritsar has become the only University of Punjab to get the elite "Category-1" status by the University Grants Commission (UGC), giving autonomy to open new Departments, schools, off-campus facilities and starts new schools and distance learning programmes, besides the freedom to hire foreign faculty without the UGC’s approval.

With the motto of the University as engraved on its emblem ‘Guru's wisdom illumines all’, the University has been leaving no stone unturned to meet the aspirations and expectations of the society. Spread over area of 500 acres towards the west of the city, Guru Nanak Dev University

presents a picture of lush green landscape, modern architecture and sustainable environment. The University today boasts of 44 teaching Departments at the Campus, two regional campuses and 170 affiliated, university and constituent colleges, many of which are located in the rural areas so as to make quality Higher Education accessible to the rural masses. All the programmes of the university compile the guidelines of New Education Policy 2020.

More than twenty thousand students, an overwhelming majority of them being women, are enrolled in various Departments at University Campus, Regional Campuses and University-Constituent Colleges. Online admission, online Counselling, online re-evaluation, introduction of Credit Based Evaluation & Grading System etc. are a few hallmarks of the University. All the results have been computerized and OMR (Optical Magnetic Recognition) system is being used to bring in more efficiency and transparency. It is the first University in the region to have computerized its examination and registration system. The students now have an all-time access to their results through SMS service.

Academically also, the University has carved a niche for itself in the field of Higher Education in the country. Our university is recognized as one of the leading institutions in North India in the domain of Arts, Humanities, Science and Technology. Many coveted projects from the apex bodies like MHRD, DST, CSIR, BARC and other organizations worth crores of rupees have been awarded to our faculty members. One of the four Nodal Calibration Centres established by Bhabha Atomic Research Centre is set up at our campus. The Centre of Emerging Life Sciences equipped with the state-of-the-art scientific instrument's worth crores of rupees, a well-maintained Botanical Garden, Department of Sports Medicine & Physiotherapy are a few to mention. A well-equipped modern computer lab with the help of TCS has been established to strengthen the University infrastructure and to prepare students for employment. Presently, a Centre with Potential for Excellence in Life Sciences and a Centre for Advanced Study in Chemistry granted by UGC are working successfully in the University. A Centre for Entrepreneurship and Innovation is being set up in the university under the aegis of *Rashtriya Uchatar Shiksha Abhiyan* to provide skill-oriented training and incubation facilities.

In the field of culture and Sports the achievements of the University are also noteworthy. The University has been National Champion for 10 times and the winner of the North-Zone-Inter-Varsity Cultural Championship for 13 times. The fact that the University has been the winner of the coveted Maulana Abdul Kalam Azad Trophy, the highest Sports award for a University in the country, for a record number of 24 times, speaks volumes about its supremacy in the field of Sports. An Astro Turf for hockey, a swimming pool of International Standards, a velodrome, a gymnasium hall, a shooting range and many other state-of-the art Sports facilities are the prized possessions of the University. The Lifelong Learning Department of the University is successfully catering to the male and female folk of the region to make them self-dependent by offering various skill development programmes.

The track record of employment of our students by big business houses and multinational companies has been very satisfactory. Our students of engineering, planning, architecture, management and commerce field are employed by government sector and companies in India and abroad. They are all contributing to the credit worthiness of the University by their hard work and diligence. All these achievements and successes are due to the heart and soul put in by the students, faculty members, and administration of the University.

Vice Chancellor's Message

The journey of Guru Nanak Dev University that started with the pursuit of imparting quality education in the true spirit continues to move forward with an earnest wish to offer education in such a way as to sensitize the students to the needs of community and facilitate their all-inclusive evolution. GNDU, an institution with roots embedded in strong academics, is becoming sturdier every single day to survive the upheavals of the world to make far-reaching and positive impact on the economies. This is the reason that in terms of credentials, the university has a long history of achievements. The most recent being the accreditation of the university

by the National Assessment and Accreditation Council (NAAC) with highest A++ Grade at a score of 3.85 on 4.00 scale making it one of the best universities of the country. The “Category One” status in the region of Punjab and Chandigarh, recognition as one of the top ten “High Performing State Public Universities” across India, status of “University with Potential for Excellence” by UGC, the second rank amongst the cleanest higher educational institutions in the country in the category of Government Universities by the Ministry of Human Resource Development, Government of India, the increase in the H-index to 134 in 2023 from 64 in 2017, winning the Maulana Abul Kalam Azad Trophy twenty fourth time in 2021-22 etc. represent that Guru Nanak Dev University has always encouraged its students and faculty towards determination, fortitude, resilience and distinction. It is noteworthy that our students have won 3 medals at Shooting World Cup 2022 at Changwon, KOREA.

The first priority of Guru Nanak Dev University is to produce intellectual capital for the world. We give precedence to education and teaching so that the students have a positive experience whichever university, college or department they study in. The second priority is innovation and research. The aim is to build a global innovation hub and work with wider society to come up with pioneering resolutions to the big universal concerns of our time. By following the undertakings earnestly, not only has GNDU entered into elite top 50 group of universities by bagging the 44th rank in NIRF Ranking-2022, but it is also the first university to get approval for Integrated Teacher Education Programmes (ITEP).

GNDU has also received substantial funding for establishing Centre for Interfaith Studies and MYAS-GNDU Department of Sports Sciences and Medicine besides RUSA and other Grants. More than twenty departments of the University have received varied grants under UGC-SAP, DST-FIST, and PURSE, in addition to the individual grants received by the faculty. GNDU has well equipped labs, workshops and libraries to help the students in attaining highest standards in academics and industry knowledge. Our well versed faculty is expert in pedagogy. GNDU is committed to educate and endow its students with latest knowledge and skills and values to enable them to face challenges of economy. The University offers a wide range of programmes of study providing career options for professional qualification and growth in the fields like Arts, Languages, Engineering, Technology, Hospitality & Tourism, Applied Sciences, Management, Mass Communication, and Architecture etc. With a dream to shape the future of our learners, Guru Nanak Dev University is building a steady network of global partnerships by building bridges with industries, institutions and communities which has resulted in an increase in the numbers of foreign students. Care has been taken to encourage global thinking by providing a stimulating atmosphere with many international students in campus under “Study in India” program, promoting interaction, hence innovation. We can boast of international training for students and faculty, high national and international placement of students, promotion and branding of the University at international levels.

The University has also taken initiatives to make many of its systems and processes digitalized. Bhai Gurdas Library in the university is now fully automated with integrated RFID security system. The Credit Based Evaluation System and a well-developed Placement Cell assure the continuity of learning process and employment opportunities to our students. GNDU has also started new Departments/Courses like Department of Film and Television Studies, Innovation and Development Board, Education Course for Special Educators and Artificial Intelligence under Centre for Agriculture Research and Innovation to name a few. The mission of the University is to provide focused and connective context to art, sciences, law, technology and life sciences, to encourage a transparent culture in the University, to transcend skylines, to go beyond the middling and to extend beyond.

Dean Academic Affairs's Message

Established in 1969, Guru Nanak Dev University is counted among the premiere institutions of higher education in India and is widely known for its excellence in teaching, research, sports as well as cultural activities. It is an honour to serve this institution as Dean, Academic affairs. In line with the provisions in the Guru Nanak Dev University Act 1969, the University has created provisions to impart education to promote teaching and research in all disciplines including Sciences, engineering and technology, life sciences, arts, social sciences, education, humanities, languages as well as religious studies and sports among

others. The University has gained distinction in catering to the education needs of underprivileged society, especially in the rural areas. With 45 different Departments organized in fourteen different faculties, the University has regional campuses in Jalandhar and Gurdaspur, in addition to University colleges at Mukandpur, Jalandhar and Niari. Additionally, University has at least 14 constituent colleges located at different places in Punjab. The University has over 11363 students and more than 295 faculty members teaching different Programmes under the Credit Based Continuous Evaluation (CBCE) and grading system.

The faculty of Guru Nanak Dev University has achieved visibility at national as well as international level, which is attested by the number of awards and distinctions they have received in their respective disciplines. Some of these awards include fellowships of all major societies of science, medicine and other disciplines, medals of national societies, lecture awards and other coveted distinctions in sports. The most recent being the accreditation of the university by the National Assessment and Accreditation Council (NAAC) with highest A++ Grade at a score of 3.85 on 4.00 scale making it one of the best universities of the country. The “Category One” status in the region of Punjab and Chandigarh, recognition as one of the top ten “High Performing State Public Universities” across India, status of “University with Potential for Excellence” by UGC, the second rank amongst the cleanest higher educational institutions in the country in the category of Government Universities by the Ministry of Human Resource Development, Government of India, the increase in the H-index to 134 in 2023 from 64 in 2017, winning the Maulana Abul Kalam Azad Trophy twenty fourth time in 2021-22 etc. represent that Guru Nanak Dev University has always encouraged its students and faculty towards determination, fortitude, resilience and distinction. It is noteworthy that our students have won 3 medals at Shooting World Cup 2022 at Changwon, KOREA.

I am sure, under the leadership of Prof. (Dr.) Jaspal Singh Sandhu, Vice-Chancellor, the University is well poised to achieve more laurels at national and international level.

5. **Reservation**

Reservation of seats in a Programme shall be determined as per the Reservation Policy of the state of Punjab adopted by the University. For details [click here](#).

- (i) Applications under a reserved category must be accompanied by a certificate from the competent authority (as given in *Reservation Policy*) stating that the candidate belongs to that particular reserved category for which he/she is claiming a seat.
- (ii) All candidates must declare their claims for reserved categories at the time of filling their online application forms for the entrance test/counselling. Subsequent claims shall not be accepted after the form has been submitted *online*.
- (iii) All admissions made in the reserved categories will be provisional and liable to cancellation if at any stage, any information about reserved categories furnished by the candidate is found to be fabricated or false.
- (iv) For SC students, relaxation of 5% marks in eligibility conditions shall be given as per rules.

6. Eligibility criteria for each Programme are available in the profile of respective *Departments*.

- (i) The candidates who are due to appear or have appeared in the qualifying examinations of Guru Nanak Dev University, Amritsar or any other examination considered as equivalent by Guru Nanak Dev University will also be eligible provided in such cases the result must be available by the time of **counselling** failing which they will have no claim whatsoever for admission.

It is further clarify that

- a) If the result of the qualifying exam is declared and the candidate doesn't have it at the time of counselling, admission shall not be granted.
 - b) However, if the candidate has appeared in the qualifying exam and the result is not declared, provisional admission may be made subject to production of the result and the requisite percentage of marks. Since the admission is provisional, admission of any candidate who subsequently is not able to produce result and/or doesn't meet the eligibility conditions w.r.t marks in the qualifying exam shall be cancelled and the seat shall be cancelled and the seat shall be allotted to the next candidate in the waiting list.
- (ii) In case of students who have got Degrees from Private Universities, they have to submit a certificate duly attested by the Head of the Department/University that the concerned student has passed his Degree in regular mode.
 - (iii) Any Degree/Diploma from a University notified by the UGC (www.ugc.ac.in) as a fake University shall not be considered as eligibility for any admission to Guru Nanak Dev University.

- (iv) In case of students who have participated in the Inter-University and/or in the National tournaments as members of University or State team, the requirement of minimum marks for purpose of admission to Post Graduate Programmes shall be reduced by 5%.
7. The entrance tests shall be conducted by the University/Department as per admission schedule. The details of syllabi for entrance test, mode of examination, style of questions, etc. is available at the link leading to concerned Department. In case the syllabus is not specified, the concerned Head of the Department may be contacted.
8. **The inter-se-merit of candidates for tie-breaking**
- In case of two or more candidates obtaining equal marks in the Entrance test, the inter-se-merit of such candidates shall be determined in order of preference as follows: (a) Candidates obtaining higher marks in the qualifying exam (b) Candidates older in age to be preferred. However, for admission in B.Arch. Programme see instructions given in the profile of Department of Architecture.
9. **Interview/Counselling**
- (i) All candidates being admitted through an entrance test or otherwise shall be required to appear for interview/counselling before the Co-coordinator of admission/interview panel/Board of Control of the Department concerned on a date and time as given in admission schedule.
- (ii) If the number of qualifying candidates is more than the seats available, the Co-coordinator/Head shall have the right to call only a limited number of candidates in order of merit in the Entrance Test.
- (iii) Candidates appearing in interview/counselling shall carry with them original Degrees/Diplomas/reserved category certificates for verification.
- (iv) As per instructions issued by the Punjab Govt., the counselling for General Category will be held first. The candidates belonging to SC/Backward classes would also compete in the General Category and will be included in the Merit list of the General category. Subsequently, admission for the reserved categories would be made, excluding the reserved category candidates who got admitted in the general category (letter Pb. Govt 7/21/2004 dated 20.12.2004 and letter 517-630/RC dated 16.1.2013, GNDU)). If any reserved category seat remains unfilled, it will be treated as open for admission from general category candidates. The claim for a seat in any reserved category will not prejudice the right of a candidate for being considered in open merit.
- (v) The candidate(s) willing to apply in more than one reserved categories, has/have to submit separate forms to be considered for each category for which he/she is applying as well as pay registration fee for all such applications. Change of category however shall not be allowed once the online application form has been submitted.

Reservation Policy

(A) Reservation Policy in the University Teaching Departments/Regional Campuses for admission in UG and PG Programmes is as under:

Category	%age
(1) General	52%
(2) Schedule Caste	20%
(3) Backward Class	8%
(4) Ex-Serviceman/Ex-Serviceman(Dependent) : Ex-Serviceman/Ex-Serviceman(Dependent) General : 7% Ex-Serviceman/Ex-Serviceman(Dependent) SC : 4% Ex-Serviceman/Ex-Serviceman(Dependent) BC : 2%	13%
(5) Freedom Fighters (General)	1%
(6) Persons With Disabilities	3%
(7) Sports : Sports (General) : 2% Sports (SC) : 1%	3%

Explanations:-

(4) 13% reservation is provided to ex-servicemen and their dependants by providing reservation within reservation of:

- * 7% to General Category Ex-serviceman,
- * 4% to Scheduled Caste Ex-serviceman and
- * 2% to Backward Class Ex-serviceman.

This Horizontal reservation is applicable for admission to the various educational institutions of the Punjab Govt. :

- a. As per instructions of Department of Social Justice, Empowerment & Minorities vide letter dated 22.10.2009, if Ex-serviceman is not available from SC category, then the seats will be filled from amongst SC (General) Category only.
- b. As per instructions of Department of Social Justice, Empowerment & Minorities vide letter dated 03-01-2017, if Ex-serviceman is not available in Backward Category, then the seats will be filled from amongst Backward Category(General) only.
- c. Further, if the seats still remain vacant which are reserved for Ex-serviceman, the conversion of seats may be done from Ex-servicemen to General at the time of physical counseling (i.e. vacant seats will be filled up on merit basis by the University).

(5) 1% reservation is provided to wards of Freedom Fighters :

However, in the event of quota reserved (1%) for Freedom Fighters category remains unutilized, the conversion of seats may be done from Freedom Fighters Category to General at the time of physical counseling (i.e. vacant seats will be filled up on merit basis by the University).

- (6) 3% reservation is for the PWD only and it will not be further bifurcated into General, SC and BC i.e. an eligible PWD candidate (as per State disability norms) will be allotted the seat on the basis of the merit irrespective of its Category (General, SC or BC).
 - a. In the event of quota reserved for suitable category of disabled candidates remains unutilized (i.e. 1% for Blindness or low vision, 1% hearing impairment & 1% for locomotor disability or cerebral palsy), the unutilized seats benefit may be given to other suitable categories of PWD on merit basis i.e. seat share for blindness will be transferred to hearing or locomotor disability and vice versa.
 - b. In the event of quota reserved (3%) for Persons with Disabilities remain unutilized, the conversion of seats may be done from PWD to General at the time of physical counseling (i.e. vacant seats will be filled up on merit basis by the University).
- (7) 3% reservation is provided to Sports category candidates which is further bifurcated horizontally into 2% reservation for Sports (General) and 1% for Sports (SC) :
 - a. As per instructions of Department of Social Justice, Empowerment & Minorities vide letter dated 22.10.2009, if Sports person is not available in SC category, then the seats will be filled from amongst SC Category (General) only.
 - b. However, (i) in the event of quota (2%) for General Category in the Sports Category remains unutilized, then the conversion of seats may be done from Sports Category (2%) to General Category at the time of physical counseling.

(ii) in the event of quota (1%) for SC Category in the Sports Category remains unutilized, then the conversion of seats may be done from Sports SC Category (1%) to General SC Category at the time of physical counseling.

While working out the percentage of seats in the Reserved Categories as per State reservation policy, if the number arrived at, contains a fraction, this shall be resolved as follows :

- a. If the fraction is 0.5 or more, it shall be rounded off to 1; if it is less than 0.5, it shall be ignored. For instance: 2.4 seats would rounded off to 2 ; similarly 2.6 would be rounded off to 3.
- b. After rounding up or down – if the total number of seats after making this adjustment exceeds the prescribed number fixed for the Programme, the necessary additional seats shall be created and considered as part of the total number of sanctioned seats. This shall, however, not affect the total number of seats in the General Category.

A roster register for reservation of seats for ex-servicemen/PWD/FF shall be maintained and carry forward all fractions through different fractions over the years till the accumulation of fraction is 0.5 or greater. As and when the total sum value of fractions exceeds to 0.5 or greater, a seat will be provided in that particular category. The carry forward, accumulation and rounding off cycle will go on and on.

Note: 1. The Inter-se priority for reservation to the wards of Armed Forces personnel for admission in education institutions will be as provided by the letter No. 6(1)/2017D (Res. II) dated 21.05.2018.

2. In case of Persons with Disability seeking admission in educational institutions there will be a relaxation of 5 years in the upper age limit where ever applicable.

2. (B) Common Weightage Admission Policy in the University Teaching Departments/Regional Campuses is as under:

Weightage (UG only)						
NCC	A	B		C		
	1%	2%		3%		
NSS	Grade			Position		
	O	A	B	1st	2 nd	3 rd
	1%	1%	NA	1%	1%	NA
Youth Activities (Maximum 4% Weightage)						
Advance Youth Leadership Training Camp youth				1%		
Youth leadership training camp				1%		
Advanced mountaineering				1%		
Hiking Training				1%		
Mountaineering				1%		
Cultural Activities(Maximum 3% Weightage)						
Zonal Youth Festival				1%		
University Level Youth Festival				1%		
Inter University National Youth Festival				1%		

- The above said State Reservation Policy & Common Weightage Policy-2021 will be applicable for admission in UG and PG Programmes from the academic session 2023-24.

The reserved categories i.e. SC, BC, Freedom Fighter & Sports will be open for Punjab Resident candidate only.

ADMISSION CRITERIA FOR FOREIGN NATIONAL/NRI STUDENTS

1. Being "Category-1" University, admission to foreign Nationals/NRI students is also open for which 20% seats over and above the regular number of seats are reserved. If more applications are received, suitable number of additional seats for a Programme may be filled subject to the approval of the Syndicate.
2. In addition, foreign students admitted/sponsored by/through the Ministry of Human Resource Development (MHRD), Indian Council for Cultural relations (ICCR) or any such other Govt. agency, for any Programme shall also be admitted (over and above 20% quota).
3. Admission Schedule as per Prospectus 2018 of Guru Nanak Dev University.
4. For fee structure and details on the number of seats in this category [click here](#).
5. For details of the step-wise admission process, see the chart given at the end of this section.
6. For admission of Foreign Nationals/NRI candidates to different Programmes, the following rules shall apply:
 - (i) **Eligibility check:** Candidates seeking admission in a Programme under this category are required to submit their academic certificates as a proof of passing the qualifying examination or an equivalent examination prescribed for each Programme to which admission is sought. The minimum qualifications for such students would be the same as for Indian students who apply for admission to the same Programme in regular mode. For admission to the Programmes where additional admission formalities (such as physically fitness test in B.P.E.S. etc.) are required, the applicant shall have to comply with such requirements and the score shall be counted while determining their merit. The eligibility qualifications for admission to Programmes can be checked in detail from the Prospectus 2023. Foreign National/NRI candidates shall have to comply with any other requirements prescribed by the Government of India and Guru Nanak Dev University from time to time.
 - (ii) **Equivalence certificate:** Submission of Equivalence certificate from AIU is mandatory for foreign Nationals/NRI's. Only those students who have qualified from foreign Universities or boards of Higher education recognized as equivalent by the "Association of Indian Universities (AIU)" are eligible for admission. To obtain the equivalence certificate, the AIU can be contacted at:

MASTERS IN SOCIOLOGY

Learning Outcomes and Scope

Sociology is one of the most sought after Programmes in all National and International universities of repute. M.A.(Sociology) is a specialised Programme on contemporary issues and challenges of Indian Society such as Caste, Class, Population, Gender, Health, Entrepreneurship, Culture Evaluation, Rural and Urban studies, Media, Diaspora, Consumer Behaviour, and Disorganization. This enables the students to develop competencies to understand, apply and critically analyze various issues of social inequalities, transformation, conflicts and changes and to create sociological knowledge about a particular social phenomenon. M.A. in Sociology Programme, alongwith providing an intellectual background to the students, also has a field based research component which trains and helps the students develop skill-sets required for many career opportunities in Academics, research, marketing and social welfare. The department has a good record of placement of students in teaching and social sector. Following are some based indicative areas of employment with M.A. Sociology degree:

AREAS OF EMPLOYMENT

- (a) **Sociology for Civil Service (IAS/PCS) Aspirants:** Sociology is a very popular subject among civil services (UPSC/IAS/PCS) aspirants. The subject is conceptual oriented as well as relevant in day today's social, economic, political and cultural life. Hence, it enables learners to think critically and imaginatively about society, social

issues and social planning. Also, it fosters ability to apply sociological concepts and theories to the real world and everyday life.

(b) Sociology for Academics and Social Sector: Sociologists have opportunity to join academics/teaching at school, colleges and university level. Also, Sociology opens up a wide range of professional careers in areas such as social welfare, public policy, NGOs, Social Research, Media Companies, Banks, Foundations, Private Companies, State and National Government departments.

Competencies

Each semester of the Master's programme has a practical component (field work and report writing) where students learn to design and administer research tools in the field studies. They analyze and interpret data and develop competency to write research reports.

MASTER OF SOCIAL WORK (M.S.W)

Learning Outcomes of Social Work

The MSW Programme at Department provide students with knowledge, values and skills necessary for culturally sensitive generalist social work practice. The program seeks to prepare students from diverse communities to become skilled competent and compassionate professionals who can respond to the growing demand for social work practices in rural/urban and tribal communities. Its curriculum is designed to prepare students to provide services that advances the well-being of people, promote social and economic justice. The Programme provide students with both academic and field based experiences that allow the student to integrate theoretical and applied knowledge in order to engage in the planned change process at the micro, mezzo and macro levels of practice.

Scope of Social Work

Social Work will offer ample choice of employment opportunities for the postgraduates. Professional Social Workers have a bright career prospects in government and non-government agencies i.e., Programme managers, coordinators and project officers in CSR initiatives of various corporate, consultants and Programme officers in International agencies likes UNDP, UNICEF, WHO, Action Aid etc. In Public Sector Undertakings the professional Social workers have bright career as Management Trainees (HR), Special Officers (HR) and labour welfare officers. Professional Social Workers are also appointed as Social Workers, Medical and Psychiatric Social Workers and Medical Social Service Officers in various health institutions. Every year UPSC and Public Service Commissions of various states advertise for the Executive level posts where MSW is one of the essential qualifications. In addition to this, the professional social workers are also appointed at executive level posts in Social Welfare Schemes sponsored by various State and Central government.

Niche Areas of Research

The Department of Computer Engineering and Technology at Guru Nanak Dev University is engaged in cutting edge research in the areas of Wireless Sensor Networks, Cloud Computing, Big Data, Data Sciences, Image Processing and Parallel Computing. The Department has dedicated research lab equipped with latest AIO computers, high end server and with high speed Internet established under UGC 12th Plan and DST Purse. The Department faculty has excellent publications in SCI indexed, Scopus Indexed as well as other reputed journals. The Department has more than 500 publications in numerous reputed journals and conferences. The Department has dedicated research faculty as well as more than 20 research scholars. The Department has conducted many workshops on IOT, Cloud Computing, Big Data, Data Science using STATISTICA Tool and Research Application Programming Using MATLAB, Computer Networks in collaboration with TCS, , IBM India , University of Jean Spain as well as Grid Analytics India Pvt. Ltd. Apart from this Department has conducted many webinars to enhance the research.

Learning Outputs and Competencies:

The expected learning outputs and competencies of students of B.Sc. (CSDA) programme at GNDU Amritsar are as follows:

1. To groom young professionals for present information age through sound conceptual knowledge and by fostering inter-disciplinary approach.
2. To enable handling of complex and large databases with computational, statistical and analytical skills and apply them for solutions to real life problems.
3. To inculcate and nurture an aptitude for statistical analyses and strengthening the skill sets of the young learners for effective decision making
4. To provide an enabling environment for hands on experience and practical exposure to seemingly complex computations through rigorous on and off job training programs.
5. To develop competency in students and empower them for placements in conventional and contemporary industries for micro and macro sustenance.

Career Outcomes

Rapid growth in business analytics has created a demand for graduates who can work at the intersection of business and IT to manage, construct and use data and IT systems to support business decision making. Digital business analysts are in short supply and high demand across a wide variety of industries including non-profit, health, finance, mining, energy and entertainment.

Career Opportunities Include

Department has positioned this degree in business analytics with the intention of producing graduates with the potential to work in more technical careers such as Quantitative Analyst, Data Scientist, Business Analyst, Data Analyst, Operations Analyst, Financial/Securities/Investment Analyst, Pricing Analyst, Market Analyst, Business Forecaster, Data Architect, Intelligence Analyst, Data Mining Engineer, Solutions Architect and Data Manager.

Competencies

The main objectives of B.Tech (Electronics and Communication Engineering) and B.Tech (Electronics and Computer Engineering) programmes are to equip students with necessary core competency to succeed in engineering/ entrepreneurship careers after completing their Graduation and to prepare them to undertake PG studies and research as career options. As a discipline, ECE focuses on the designing of underlying hardware systems belonging to both core electronics, computer and latest telecommunication approach.

The students will be imparted a sense, which enable them to apply creativity in design and development of electronic circuits, equipment, components, sub-systems and systems. Also they will be able to recognize the importance of professional development by pursuing Post Graduate studies or facing competitive examinations that offer challenging and rewarding careers in designing.

Learning Outputs

The students become competent with technical knowledge and excellent leadership qualities at various levels and also, capable of addressing issues in a responsive, ethical and innovative manner.

Niche Areas of Research

The Department of Electronics Technology was started in July 1983 with a vision to impart quality knowledge in the field of core Electronics as well as different facets of communication such as Microwave, Optical, Wireless, Data Communication, Digital Signal Processing and Image Processing so as to nurture the excellence in the students and enhance their capability to meet the ever-growing challenges in the field of electronics in general and communication engineering in particular. The department feels proud to possess a dynamic and energetic faculty specialized in various fields of electronics, computer and communication engineering having a recognized research experience in their niche areas. The department has been successfully able to meet the impending challenges to ignite the aspirations of its students to establish themselves as researchers, innovators, entrepreneurs and executives who benefitted the National as well as International companies on the global arena.

The Department has well-developed facility for research in the area of Optical Communication, Microwave Materials, Wireless Communication, Nanomaterials, VLSI and Molecular Electronics etc. and has established itself as nodal centre for contemporary research in these areas.

The Department has done exceedingly well by producing 54 Ph.D. Degrees in various research areas in last few years with more than 500 research papers in journals of international repute as well as International conference proceedings. Currently 17 research scholars are pursuing their Ph.D. in the Department. The admission for Ph.D. programme is strictly based on UGC-NET/JRF or GATE score.

Learning Outputs and Competencies:

The mission of Bachelor of Technology in Civil Engineering (B. Tech.) program at UIT, GNDU Amritsar is to prepare students for professional practice. To be prepared to practice as professionals, engineers must be able to act responsibly and ethically, understand their limits and the limits of the tools/software they use, communicate effectively, work well in teams amid the changing landscape of the field of civil engineering, and be able to pursue Graduate level education. Civil Engineers design and supervise large scale public work construction projects, such as roads, buildings, tunnels, dams, and bridges. They are responsible for gathering project requirements, testing and evaluating building sites and materials, and managing the overall building process from start to finish.

Niche Areas of Research:

Academic Research: Undergraduates in Civil Engineering Department have the opportunity to actively experience research in following different research areas:

- Materials: - Composite Material, Recycling of Materials in Concrete, High-performance Concrete, Self-Compacting Concrete, Fiber Reinforced Concrete.
- Structural Engineering: - Structural Design and Construction.
- Transportation Engineering:- Highway Design, Highway Materials, Traffic Analysis, Safety Issues and Regional Transportation Planning,

Note:

- Classes for Diploma Programme (Full-Time) French are held in the forenoon.
- Classes for Part-time Programmes (Certificate, Diploma & Advanced Diploma) are held in the afternoon.
- Attendance as per university rules is mandatory.

Competencies

Our Department is engaged in offering part-time Programmes in Chinese French, German & Russian. These Programmes are named as Certificate, Diploma & Advanced Diploma Programmes. Additionally, one regular Programme, known as Diploma Programme in French (full-Time) is also in progress for the last few years. The students of the other Departments of the University are given preference for opting for the part-time Programmes in order to encourage them to make themselves more competitive in the global job market. The students after

successful completion of the Certificate Programme, followed by Diploma & Advanced Diploma in the subsequent years attain adequate level of competence for furthering their academic & professional skills as well as they can pursue higher level of language learning including post-graduation in a particular language.

Learning Outcome

So far as the learning outcome is concerned, it is expected that the pass-outs of the Certificate Programmes possess the introductory knowledge of the learnt language. They are trained in such a way that they can improve their proficiency in the concerned language subsequently on their own. Our endeavour has always been to develop interest amongst the students for the foreign language. Main emphasis has always been on honing the communication skills in the language being taught. A student can converse in that language & handle day-today situation without much difficulty at the end of the Programme. Subsequent Programmes go on building on the foundation laid in the Certificate Programme, with the expansion of the vocabulary, which, in turn, leads to the more proficiency. An introduction to literature is also incorporated in the syllabi at the higher levels. The pass-outs of the Advanced Diploma & Diploma (Full-time) are competent enough to be employed in different sectors, like school teachers, in the IT, Hotel & tourism industry, journalism and translators.

Special Features

- Beginning with the introductory level, the students are gradually led to the advanced level of proficiency in the selected language.
- An effort is made to enhance the competence of the students to such a level that they can pursue Post Graduation after passing the Advanced Diploma in the concerned language.
- Main emphasis is on developing the communication skills in the concerned language.
- The Department maintains a constant touch with the globally renowned language institutes like Goethe Institute & Alliance Francaise, which are fully supported by the Govt. of Federal Republic of Germany & France respectively.
- Make the students proficient enough to get through AI, A II. BI, BII, CI, CII exams and equivalent levels of the Hanyu Shuiping Kaoshi (HSK) exams in the concerned language. The exams in French, German and Russian are in consonance with the Common European Framework of Reference for Languages & are recognized worldwide.
- The University has set up Goethe Institut German Language Examination Centre in the campus.

Niche Areas of Research :

School of Punjabi Studies was established to achieve one of the basic objectives of the foundation of this university.

The University act states:

To Promote Punjabi Studies, to provide for research in Punjabi Language and Literature and Culture. (University Calendar)

Department Came into existence in 1979 with the merger of already established department of Punjabi (Teaching 1971) and department of Punjabi language, literature and culture (Research 1972). The Department was the first one in India to introduce new academic programmers in the field of Language, Culture, Folklore, Pakistani Punjabi Literature, Parvasi Punjabi Literature, Meta

Study, Teaching of Urdu, Persian and Sanskrit Languages and computer applications etc in Punjabi. The department has provided academic leadership by introducing a number of new Programmes, which were later adopted by the sister universities for their respective syllabuses. These Programmes are : Punjabi Language (Statistical and data-based study), Pakistani Punjabi Literature (Translations & Evaluation), Folklore and Culture (collection of material and study), Parvasi Punjabi Literature (Introducing the new global trends and new authors), Meta-criticism (Theoretical and Practical study of Punjabi Literary scholarship), Urdu, Persian, Sanskrit (Introductory studies), Computer Application (introductory studies).

It is pertinent to mention here that this department started a research Journal **Khoj Darpan** in 1974. It has Published Sixty three issues so far. This is the first journal of Punjabi which was made a refereed journal in 2006. The faculty members of this department are role models as they have cultivated competence in their respective specializations. Their research contributions and academic planning have not only been recognized but also have been followed rather imitated at various levels by other institutions. More than three hundred books and more than one thousand research papers/book chapters have been published by teachers and research scholars in international /national Journals/books. Faculty members of school of Punjabi Studies of Guru Nanak Dev University are actively engaged in fundamental research in the areas of Punjabi Language, Literature, Folklore and Culture.

Special Feature for Research Scholars/Students

The department has independent Liabrary and has large collection of books written by various renowned writers which helps in research work as well as to expand the new horizons of the knowledge for students.

Niche Areas of Research

Law is changing and evolving with change in society. To be upto date with the changing law, every law should be researched based on the issues. Legal Research is necessary for ascertainment of law on a given topic or subject; to highlight ambiguities and weaknesses in law and to critically examine legal provisions, principles and doctrines to analyze consistency, coherence and stability of law and its underlying policy. The Department offers extensive research in all the prominent areas of law – Constitutional Law, International Law, Criminal Law, Commercial Law, Family Law and Consumer Law.

Special Features

The Department of Laws at Guru Nanak Dev University, Amritsar was established in the year 1972 having LL.B. Programme and in 1983, teaching of LL.M. was started. The Department now offers Bachelor of Laws (LL.B.) Three Years Programme, B.A.LL.B Five Year Programme and Master of Laws (LL.M.) One Year Programme. There is also a provision for research leading to Ph.D. Degree. By now, more than five thousand students have obtained LL.B. Degrees from the Department. Nearly six hundred students have completed LL.M. and

more than 100 students have been awarded degrees of Ph.D.

Many of the former students of the Law Department are now occupying prominent places in the Indian Administrative Services (IAS), Indian Foreign Service (IFS), Indian Police Services (IPS), and other Allied Services as well as in the State Civil and Judicial Services. A sizeable majority has joined the legal profession in the Supreme Court, High Courts and the subordinate courts and some of them have joined the academics and teaching profession. Numbers of students have joined UN Bodies, Corporations including MNCs. In addition to it, some of them have gone abroad for higher studies.

The Department has a team of highly educated, committed, dedicated and motivated teachers. Besides teaching, they are actively and tirelessly engaged in research in their respective fields. The Department has strength of one Professor, One Associate Professor, Six Assistant Professors, Eight Assistant Professors on Contract basis and seven Assistant Professors on part-time basis and five Research Fellows.

The Departmental Library has a collection of about 30,000 books and manuscripts. The Library is also having a collection of Law Commission Reports. The department has also the facility of SCC Online software. The Library is also subscribing to Indian Law Institute Newsletter. The main library is well connected with INFLIBNET, DELNET and Legal Software available on the website www.highcourtchd.gov.in, www.eCourts.gov.in.

The Department has its own National Service Scheme (NSS) Unit for inculcating the qualities of leadership and brotherhood in the budding lawyers. Various social services are carried out from time to time. University has adopted some villages also through NSS. Department maintains a Blood Donors Directory on regular basis. The NSS Unit of the Department carries various activities of cleanliness drive, tree plantation, awareness regarding various social issues and blood donation camp. Nearly 3000 units of blood collected during NSS Blood Donation Camps. The Department carried out awareness programme on stubble burning in many villages as per Punjab Government's directions. The NSS wing of the department also conducts seven days camp.

The Department has a Legal Aid Clinic. Legal and Para Legal Services are providing free of cost to the poor and needy in these clinics. The Department organizes free Legal Aid Camps in the remote areas.

The Department has also established a Moot Court Club for embedding the advocacy skills in the budding lawyers. The membership of first year students is mandatory. Intra – moot competitions are arranged from time to time in the department.

The Department has also established an Alumni Association and the directory of Alumni is being maintained on a regular basis. The department has its own Student Grievance committee, literary and academic committee, cultural committee and sports committee. The students of the department have brought many laurels to the department in sports and cultural events. The students have even won medals at Inter – University Sports Meets held at international level. The department celebrates different national occasions in the department.

As per the requirements of BCI rules regarding uniform in Law Institutes, uniform shall be compulsory on all working days.

Competency Development:

The Department of Biotechnology was established in the year 1991 with financial support from the University and DBT, Govt. of India. The Department has made rapid strides in both teaching and research, and has made its presence felt at the National and International levels. The Department has well equipped teaching/research and computer laboratories for imparting training to the students in Medical, Plant and Microbial Biotechnology. The students with this intensive training and skill sets are suitable for higher degree such as Ph.D. and jobs in relevant industries.

Niche Areas of Research of the Department:

- Understanding the role of glial cells in neurodegenerative disorders.
- How different brain cells are involved in memory formation & consolidation.
- Biotechnological intervention in the improvement of *Withania somnifera*.
- Deciphering strategies for abiotic stress tolerance in rice.
- In vitro propagation of Medicinal and Horticulture crops.
- Characterization of cellulolytic microorganism.
- Structural and functional studies of malarial drug targets.

Learning Outputs

Students are imparted theoretical and practical training in Plant, Animal, Microbial Biotechnology and Bioinformatics. The students are equipped to join research in diverse fields of Biotechnology or Industry on completion of this program.

Competency Development

The programme of M.Sc. Botany (Five Years Integrated Programme) is designed with an objective to encourage and support the growing demands and challenging trends in the educational scenario. The program focuses on the all-round development of the students to face the competitive world. The programme will make the students skilled in practical work, experiments, and laboratory equipments and to interpret on biological material and data as well as encourage students to do research in related disciplines. The curriculum of M.Sc. Botany (FYIP) is designed in such a way that the students are trained with fundamentals of different branches of Botany during the first three/four years, which serves as a spring board either to complete the five-year integrated programme or even to get admission in other Programmes such as Masters Programme/Ph. D Programme in India or abroad. In the former case, in the fifth year of M.Sc. Botany, students are trained in most advanced curricula covering different fields of Botany so that students are able to clear NET/GATE, National exams to get admission in Ph.D. Programme in any institute in India. The hallmark of this Programme is a research project during the fourth year of the FYIP in which students are trained for doing research in fundamental as well as applied aspects of Botany. They are also trained to use sophisticated instruments to augment their competency. The programme learning outcomes are specific-to-specific Programmes offered during programme. The core Programmes shall be the backbone of this framework whereas ability enhancement, skill enhancement and value added Programmes would add academic excellence in the subject together with multi-dimensional and multidisciplinary approach. The syllabus has been drafted that include teaching as well as research component to enable the learners to prepare them for future employment in various fields including academics as well as competitive exams.

Learning Outcome:

- The curriculum is designed to discover, maintain and transmit knowledge concerning basic plant biology and provide leadership in biological sciences.
- It will also expand academic cooperation by offering new Programmes and upgrading the knowledge of students to wider spectrum of the subject.

2. The degree programmes offered under 2 years P.G. Programme in Botany after 3 years Bachelor's Degree:

- **P.G. Diploma in Botany (1 year duration)**
- **M.Sc. Botany (2 years duration)**

The Students admitted to 2 Years PG programme in Botany will be awarded **PG Diploma (1 year duration) and M.Sc. (2 years duration)** with following exit options:

- i. The eligible students with B.Sc. Degree (3 years duration) with **Botany as one of the subject** seeking admission to 2 years P.G. programme in **Botany** will be awarded **P.G. Diploma in Botany** after successfully completing 1st year (2 Semesters) of programme

- and will have an option to exit the program.
- ii. The eligible students will be awarded **M.Sc. Botany** after successfully completing 2 years (4 Semesters) of P.G. Programme of Botany.

Competency Development

The curriculum of Two-years M.Sc. (Botany) Programme is designed to provide opportunity to students who have done B.Sc. (Medical) from colleges. Students are trained with both fundamentals as well as advanced sub-disciplines of Botany. Students also get intensive practical training during practical classes. The students are trained to undertake research problem, independently so that they are successful, if they join R & D centre of some industry. They are equally competent if they wish to go for higher education such as Ph.D.

Developing technical skills required for careers in the advanced frontiers of Plant Sciences include core Programmes like Phycology, Fungi & Plant Pathology, Cell Biology, Bioinformatics, Genome Structure, Function & Dynamics, Plant Anatomy, Applied & Industrial Botany and Plant tissue culture. The students after their Post-Graduation will be absorbed as Faculty in higher educational institutes (HEIs), curators, conservators including scientists at both the National and International level.

Learning Outcome:

- To train students and create skills in the field of Botany by providing maximum exposure to the latest updates in the respective field (Phycology, Fungi & Plant Pathology, Genetics & Cytogenetics, Advance Cell Biology, Bioinformatics, Genome Structure, Function & Dynamics, Plant Anatomy, Applied & Industrial Botany) by imparting hands on training.

Competency Development

The program envisages a multidisciplinary approach to develop skills and technical expertise required to understand and redress environmental issues and mitigates environmental degradation. The students will learn basics of Environmental Sciences under core Programmes like Air Pollution, Environmental Chemistry, Atmosphere & Hydrosphere, Environmental Engineering, Environmental Geology, Sanitary Engineering & Environmental Management, Waste-Water Treatment Plant Design, Environmental Biotechnology, Environmental Laws & Impact Assessment etc., in line with the latest developments in the field of pollution abatements. Practical training will be imparted on wastewater analysis, drinking water quality, toxicity assessment, ambient air pollution monitoring. Summer training for 4-6 weeks is mandatory during the Programme. Students acquire the requisite skills to work as Environmental Consultants, Environmental Managers in Industry, Scientists at both National and International level.

Learning Outcome:

This programme will train students and create skills in the field of Environmental Sciences by providing maximum exposure to the latest updates in the respective field (Air Pollution, Environmental Chemistry, Atmosphere & Hydrosphere, Environmental Engineering, Environmental Microbiology and Pollution Management, Sanitary Engineering & Environmental Management, Waste-Water Treatment Plant Design, Environmental Biotechnology, Environmental Laws & Impact Assessment) by imparting knowledge of the subjects and hands on training.

Niche Area of Research

Department of Botanical and Environmental Sciences came into existence in the year 1990 and is recognized by Department of Science & Technology (DST), Govt. of India under DST-FIST (Level-1) and University Grants Commission (UGC), New Delhi under DRS-I programme. The Department has Botanical Garden (25 acres) financially supported by Ministry of Environment, Forests & Climate Change under Assistance to Botanic Gardens. The research activities of the Department focus on the thrust areas of Botany (Anti-genotoxicity, Plant Tissue Culture, Plant Physiology, Biodiversity, Natural Plant Products, Vermitechnology, Plant Databases) and Environmental Sciences (Water, Air & Soil Pollution Monitoring, Ambient Air Quality, Solid Waste Management, Biological Wastewater Treatment, Computer Applications in Ecology). Several faculty members have exposure to foreign research laboratories like USA, UK and Japan under DST-BOYSCAST, DBT-CREST, Newton-Bhabha Fellowship etc. Presently, 50 research scholars are pursuing their Ph.D. in the Department.

Learning Outcome and Competencies

Degree/ Level	Professional knowledge/professional skill	Outcome/Skill Development
M.Sc. (FYIP) Human Genetics	Knowledge of basic patterns of human inheritance and variation, etiology of genetic diseases, gene-environment interactions, and role of genetics in health and disease. Molecular genetics and cytogenetic analysis techniques for diagnostics, forensic analysis, population studies. Applications of genetic principles and genomic technologies to improve qualities of health-care. Understanding of ethical, legal, and social implications of medical genetic advances and bioethical dilemmas. The hallmark of this Programme is a research project during the fourth year of the FYIP in which students are trained for doing research in fundamental as well as applied aspects of Human Genetics. They are also trained to use sophisticated instrumentation to augment their competency.	Preparedness for higher studies, join academic institutes, industrial research laboratories, diagnostic centers, or pursue a teaching career at high schools and colleges. Careers in technical and marketing fields in the industry involved in manufacturing of life-Sciences products.
M.Sc. Human Genetics	Detailed basis of heredity and variation, genetic methodology, insights about cellular and molecular mechanisms that affect health and disease, and the experimental rationale of genetic studies.	Pursue Ph.D., also inculcation in colleges, research laboratories and diagnostic centers.
Ph.D. Human Genetics	Laboratory skills in Human Genetics research, role of genetic technologies in industries related to biotechnology, pharmaceuticals, and health care, applications of genetics in diagnostics, prognostics and therapeutics, effective	Avenues include careers in academics, research laboratories, industry and diagnostic centres.

	communication skills for scientific deliberations and with the general public for dissemination of genetic information, teamwork and leadership skills.

Niche Areas of Research

The Department of Human Genetics is a DST-FIST sponsored and a UGC-SAP recognized department. It emerged as a separate Department in 1990 for dedicated research and education in the field of Human Genetics and to provide genetic services for referral cases. The Department has the biphasic vision to nurture and mentor Student-Learning outcomes, and to carry out research on genetic diseases and disorders in order to benefit the society in terms of diagnostics, counseling, management, prognostics and therapeutics. The Department has the mission to facilitate, develop and foster excellence in Human Genetics Research and Education, and promote Human Genetics and the understanding of Human Diseases. The faculty has research interests in molecular genetics, cytogenetics, medical genetics, population genetics and immunogenetics related to in-depth genetic characterization and delineation of the basic mechanisms of genetic abnormalities that can eventually assist in better disease management. Faculty members of the Department have received various research projects from funding agencies such as UGC, DBT, DST, ICMR, CSIR and PSCST from time-to-time. The Department has published more than 600 research papers along with several books/book chapters in International and National journals/books. Moreover, more than 60 students have completed Ph.D. degrees. The students of the Department have been absorbed in premier research institutes with placement in different diagnostic centres, laboratories, hospitals and in teaching and research institutions, both in India and abroad.

The Programme curriculum of M.Sc. Microbiology (FYIP) includes basic subjects such as cell biology, microbial diversity, genetics, physiology and biochemistry, along with applied subjects such as food microbiology, environment microbiology and industrial microbiology which imparts students an overall understanding of microbiology. Apart from core subjects, interdisciplinary Programmes from other departments further enhance knowledge in other fields of sciences as well. The practical sessions and research project are designed to impart hands on training to students on basic techniques and handling of instruments that are routinely used in research related to microbiology. Thus, the Programme is aimed at imparting intensive academic and technical training to the students that prepare them to take up jobs as microbiologist in various industries (food and pharmaceutical) and clinical labs and in teaching.

2. The Degree Programmes offered under 2 year P.G. Programme in Microbiology after 3 years Bachelor Degree:

Learning Outcome and Competencies

The subjects taught as part of the Programme: bacteriology, virology, mycology, immunology and bio-techniques, industrial microbiology, food microbiology, clinical microbiology, microbial physiology, genetics, molecular biology and genetic engineering and environmental microbiology are aimed at developing technical skills required for careers in the advanced frontiers of microbiology. The practical component of each Programme, involving handling of sophisticated equipments, is designed to impart hands on training to conduct advanced experimental work, and develop analytical skills.

The students on completion of this Programme have a complete understanding of various aspects of microbiology and will enable them to be absorbed as microbiologists in various industries like food, and fermentation, pharmaceutical industries (QC and R&D wings), clinical and public health labs. The students can also pursue career in teaching and as scientists in research institutes nationally and internationally. The Department has its alumni serving at key positions in various research institutes and industries in India and abroad.

Niche Areas of Research

The faculty members of the Department are involved in key areas of research related to exploration of potential of different microorganisms and their molecules in diverse fields. The core areas of research include bio-prospecting of fungi for novel cellulases and auxiliary

enzymes for conversion of lignocellulosic to 2G ethanol, developing improved industrial strains using proteome and genome based approaches, isolation and characterization of novel molecules from bacteria, actinobacteria and fungi with antagonistic activities against multidrug drug resistant human pathogenic bacteria and fungal phyto-pathogens, and studies on anti-diabetic, anti-cancer, insecticidal and plant growth activities of the bio-molecules. The potential of different lactobacilli strains as probiotics is also being explored. The efficient microbial inocula to achieve degradation of common persistent halogenated organic pollutants are being developed to improve the efficiency of bio-remediation of polluted ecosystems. The Department has received special assistance grants under DST-FIST and UGC-SAP schemes for improvement of infrastructure. The faculty members of department have received research grants from leading funding agencies like NAIP (World Bank), DST, DBT, UGC, CSIR, ICAR, AMAAS etc. The department has active collaboration with International and National research institutes as well as reputed fermentation industries for transfer of developed technologies to stake.

Learning Outcomes and competencies

This program gives a strong foundation of basics of various subjects including hematology, bacteriology, virology, clinical biochemistry, immunology, microbiology, pathology and medical laboratory management. Along with the theoretical knowledge, students undergo hands-on training on various diagnostic analyses of body fluids. The curriculum also includes subjects like advanced techniques in medical laboratory technology that prepares the students to handle sophisticated instruments. Six months training in the clinical lab/hospital setting makes them ready for the job. The students of B.Sc. Medical Lab Technology may cater service to clinical labs and hospitals or pursue M.Sc. in a field of their choice.

Learning Outcomes and Competencies

This program is for students who are interested in pursuing a career in the field of Sports Science, a rapidly developing field. The program reinforces the understanding of students in basic and applied Biochemistry, Molecular Biology, Cell Biology, nutrition, exercise physiology etc. The Programme training is strengthened with the hands on training in the form of practical and project. Thus the students will develop and enhance their skills in the formulation and development of project which involves planning and performing experiments, research methods and ethics, evaluation and interpretation of data and statistical analysis. In order to achieve this, the Department has state of the art facilities for the students. The students graduating with this Degree will gain expertise in the field of Biochemistry, Cell and Molecular Biology with special emphasis on Sports Biochemistry. They can follow a career in academics/research/Sports counselling or similar avenues.

Special Features

The Department takes up fundamental and applied aspects of Molecular Biology and Biochemistry in its teaching and research programs.

Niche Areas of Research of the Department

The thrust areas of the Department are Protein Biochemistry, Structural Biology, Plasmodium Biology, Microbial Genetics, Reproductive Biology and Molecular Biology of Infectious Diseases. The faculty in the Department is well trained with experience in foreign laboratories and the Department has a good infrastructure.

Dr. Harish Changotra is studying the role of autophagy pathway genes in the susceptibility of Hepatitis B Virus infection and Cancer. He is also involved the development of various detection methods of single nucleotide polymorphisms.

Dr. Rachna Hora studies structure-function relationship of proteins from *Plasmodium* species. She is actively involved in functional characterization of various *P. falciparum* proteins critical for malaria pathogenesis.

Dr. Gagandeep Kaur Gahlay is interested in studying the process of sperm-egg interactions. Various proteins involved in the process are being studied for their role in this process.

Dr. Suresh Singh Yadav is interested in exploring cancer genetics, epigenetics, and tumor microenvironment for cancer therapeutics and prevention".

Professional Competency and learning output

The Department of Pharmaceutical Sciences was established in 1995 at Guru Nanak Dev University, Amritsar with a clear vision to produce trained professionals to meet the ever-growing demand in Pharmaceutical Industry and Academia. The Department is recognized by Pharmacy Council of India (PCI). The Department is enriched with highly qualified faculty and is presently running Bachelor of Pharmacy and Masters of Pharmacy Programmes in Pharmaceutics, Pharmaceutical Chemistry, Pharmacology, Pharmacognosy and Ph.D Programme in all disciplines. The Department is well equipped with state of the art laboratories in Pharmaceutics, Pharmaceutical Chemistry, Pharmacology and Pharmacognosy sections. The infrastructure available makes the Department a conducive place for academic learning that provides students with quality education in a clean and comfortable environment. The faculty is engaged in key areas of research having potential clinical/industrial applications. The Department is proud to have its alumni serving as researchers/teachers in Universities/research institutes/Pharmaceutical industries in India and abroad.

Niche Area of Research

The faculty members of the Department are actively engaged in wide areas of research in the field of Pharmaceutical Sciences. Pharmaceutical Chemistry branch is actively involved in drug design and drug development, synthesis and evaluation of novel anti-hyperuricemic, anti-microbial and anti-cancer agents. Main focus area of pharmaceuticals branch is dermaticals, solubility enhancement of poorly water soluble drugs and formulation, characterization and evaluation of novel drug delivery systems for anti-cancer as well as anti-diabetic agents. Pharmacology branch is engaged in exploration of newer target sites and potential therapeutic agents for pain management, fibromyalgia, affective disorders, memory, epilepsy, obesity and renal injury. Pharmacognosy section of the Department has developed its expertise in standardization of medicinal plants, herbal products and screening of potential anti-diabetic, analgesics, anti-inflammatory, anti-anxiety, anti-convulsant, neuroprotective and hepatoprotective agents.

Competency Development:

Students achieve competence in theory and practicals related to Applied Zoology, Structure and Function of Animals, Molecular Cell Biology, Immunology, Developmental Biology, Ecology and Wild life, Biosystematics, Evolution, Animal Behaviour and Metabolic Regulation of Cell along with knowledge of Computer Application and Biostatistics. Students are also trained for handling teaching assignments and sophisticated instruments through interactive learning tools such as seminars, workshops, field trips and group discussions. Students get opportunities to pursue higher education and research in reputed institutes of India and abroad. Every year around 10-15% students clear various national level eligibility tests. After completing their degree the students are absorbed in universities, colleges, research institutes and administrative jobs.

Niche area of Research:

Faculty members of the department are actively involved in research related to the fields of Entomology, Aquatic Biology, Parasitology, Cytogenetics and Vermitechnology. The department has received DST-FIST and UGC-SAP grants in addition to individual major research project grants from UGC, MOF, DBT, CSIR and DST. The department has active collaboration with international and national research institutes.

Special Features: The Department of Zoology is well equipped for under graduate and Post graduate level of teaching and research. The faculty members are currently pursuing research in the thrust area of Environmental monitoring and best ecological practices. Research is being carried out in the fields of Aquatic Ecology, Aquatic Toxicology, Insect pest control, Nematode management, Cytogenetics and Vermicomposting. The Department is recognized under the DST-FIST, DST-PURSE and UGC-SAP Program.

Learning Outcome and Competencies

The five year B.Arch programme strives to impart holistic education required for the design & construction of buildings and building complexes. The students shall acquire relevant technical & design skills while also imbibing sensitivity to the social & environmental contexts. The Programme also lays the foundation for taking offshoots, in term of research, academic pursuits or practice, into allied disciplines / studies such as landscape, housing, planning, conservation, energy, etc.

By the end of the Programme, the students shall develop competencies to start professional practice individually or in collaboration or take up research / higher studies in the core or allied disciplines.

Niche Area

Located in the historic city of Amritsar, the Department is actively engaged in the documentation of various historical and heritage structures and sites in the region and around. The intrinsic value of heritage and its conservation in the present day development process is key to their documentation and research. Other broad areas of research include inclusive development, sustainable and best management practices, architectural trends, housing etc.

The department has also leapfrogged in the areas of research and consultancy in last few years by securing research projects and providing architectural consultancy to state govt. and institutions for various projects. Most of the projects designed by the department are based on strong theoretical research considering the regional Architecture style, climatic conditions and materials. The faculty members were appointed as a project advisor to Punjab Heritage and Tourism Promotion Board (PHTPB) for conducting an International design competition of Golden Temple Entrance plaza and Guru Ravidas Memorial at Khulargarh. Team of above mentions faculty members was also involved in preparing Detail Project Reports (DPR's) of

Construction, Widening, Improvement and upgradation of road network of Amritsar for Municipal Corporation Amritsar (MCA).

Many faculty members are advisory members in various committees of Government and Non Government Organizations like Heritage board of SGPC etc. Same team was involved in designing of prestigious projects like Bhagwan Valmiki Tirath Asthaan Ramtirath Complex, Near Amritsar, Entry gateways to Amritsar City, Municipal corporation Building at Amritsar, Maharaja Ranjit Singh Punjab Technical University, Interiors of Guru Ramdass International Airport, Amritsar, Bhai Jaita Ji Memorial, Anandpur Sahib for Government of Punjab. Team was also involved in SGPC projects for renovation of various historic Gurudwaras. Apart from this all university buildings from last around fourteen years are designed by the faculty. Consultancy work gives hands-on experience to the faculty which is further shared with the students. Architecture being practical field it's very important to provide practical exposure to the students which cannot be provided unless teachers have that experience themselves.

Special Features

The Department of Architecture, established in 1986, is well established and holds the status of a premier institution in the region. The Programmes are conducted by competent faculty with the latest teaching aids and technology. The Department is well equipped with internet facility, computer lab, seminar halls, carpentry workshop, building material museum, thesis & documentation library, building science lab, arts & graphics lab and consultancy cell.

Competency Development

The curriculum of M.Sc.Fashion Designing (Five Year Integrated Programme) Programme is designed to provide opportunity to students who have done 10+2 from Schools in any stream. M.Sc.Fashion Designing (Five Year Integrated Programme) is being run under Credit-Based Evaluation and Grading System. After successful completion of all the six semesters, a Candidate shall be provided Bachelor Degree in the subject of Fashion Designing and after successful completion of all the eight semesters, a candidate shall be provided Bachelor Degree with Research/ Bachelor Degree(Hons.) in the subject of Fashion Designing and after successful completion of all the ten semesters, a candidate shall be provided Post Graduate (Masters) Degree in the subject of Fashion Designing. Students are trained with both fundamentals as well as advanced sub-disciplines of Fashion Designing. Students also get intensive skill based practical training during practical classes, industrial internship as well as industry visits. They are equipped to undertake a brief research problem, independently so that they are successful if they join Research & Development center of Fashion and Apparel industry. They are equally competent if they wish to go for higher education in Fashion and Apparel and various related fields.

Learning outputs:

- Fundamentals of Fashion and Apparel, and advanced topics offered in the curriculum.
- Practical training in different areas of Fashion and Apparel with relevance to both industry and doctoral level research.

5. The degree programmes offered under 2 Year P.G. programme after 3 years

Bachelor's Degree:

- PG Diploma Fashion Designing (1 year duration)
- M.Sc. Fashion Designing (2 years duration)

The Students admitted to M.Sc. Fashion designing 2 Years programme will be awarded PG Diploma (1 year duration), M.Sc. (2 years duration) with following exit options:

- i. The eligible students with B.Sc. Degree (3 years duration) from the allied disciplines seeking admission to 2 Year P.G. programme in Fashion Designing will be awarded

P.G. Diploma in Fashion designing after successfully completing 1st year (2 Semesters) of programme & will have an option to exit the programme.

- ii. The eligible students will be awarded **M.Sc. Fashion Designing** after successfully completing 2 years (4 Semesters) P.G. programme in Fashion designing.

M.Sc. (Fashion Designing)

Competency development:

The curriculum of two-year M.Sc. (Fashion designing) Programme is designed to provide opportunity to students who have done B.Sc. from colleges and other universities. On successful completion of 1st year of 2 years/4 semesters PG programme, a student shall have the option to exit and will be awarded PG Diploma (Fashion designing). On successful completion of 2 years/4 semesters PG programme, a student will be awarded M.Sc. (Fashion designing). Students are trained with both fundamentals as well as advanced sub-disciplines of Fashion Designing. Students also get intensive skill based practical training during practical classes, industrial internship as well as industrial visit. In the latter, they are equipped to undertake a brief research problem, independently so that they are successful if they join Research & Development center of Fashion and Apparel industry. They are equally competent if they wish to go for higher education such as Ph.D in Fashion and Apparel and various related fields.

Learning outputs:

- Fundamentals of Fashion and Apparel, and advanced topics offered in the curriculum.
- Practical training in different areas of Fashion and Apparel with relevance to both industry and doctoral level research.

6. Salient features of the Department of Apparel and Textile Technology

i. Core Competencies:

The Department of Apparel and Textile Technology imparts competencies in all the major areas of textile and apparels like: Pretreatment, Dyeing, Printing, finishing, Technical Textiles, Garments manufacturing, Merchandising, etc. The Department trains its students for the use of various sophisticated instruments like Computer Color Matching (CCM), Ultraviolet and Visible Spectroscopy, Fabric tensile tester, Martindale, ICI pilling Tester, Crock meter, Flammability tester, etc.

ii. Niche Areas:

The Department is especially known for Textile Processing in the field of Textile and apparels. Apart from that the faculty is known for Natural dyes, Sustainable fashion products and materials, green processing technologies, Textile materials for electromagnetic shielding, antimicrobial biodegradable composite materials extracted from bast/plant fibers.

iii. Special Features:

Guru Nanak Dev University, Amritsar has been expanding its Applied Sciences programme to meet the emerging needs of India as a knowledge hub and textile destination. A Programme with specialization in Textile Chemistry was introduced in Guru Nanak Dev University as B.Sc (Textile Chemistry) in 1995 with a view to generate technically trained manpower for the textile processing industry upon keen interest and request from North Indian textile industry. In 1997, the degree was converted from B.Sc (3 years) to B.Tech (4 years) in Textile Chemistry, and in 2018; its Programme content was redesigned and named as B.Tech Textile Processing Technology with an aim to broaden the scope of placement in multinational companies at national and international level. Guru Nanak Dev University has the right industry connections and experienced faculty from I.I.T. Delhi and T.I.T. & S. Bhiwani. The Programme was designed and continuously updated in consultation with the industry that results in 100% placement of the graduating students. The Programme is a blend of theory, practical, industrial training and research in various aspects of dye chemistry, dyeing/printing/finishing technology, testing, yarn/fabric/garment manufacturing and color measurement and analysis. With the change in industrial scenario and their demand, the Programmes were redesigned as B. Tech. (Textile Processing Technology), B. Tech. (Technical Textiles), M.Sc FYIP (Fashion Designing) and M.Sc. (Fashion designing) in the independent, newly established, department of Apparel and Textile Technology. The faculty has also offered consultancy and testing services to the local industry under Textile Industrial Service Centre (TISC). Most of our faculty members are pursuing their advanced research in the topics viz. development of biodegradable hybrid materials, Natural dyes, Medical textiles, antimicrobial biodegradable composite materials extracted from bast/plant fibers. Green processing of textiles and electromagnetic shielding materials for different applications. The faculty of the Department is involved in research projects funded by MHRD- Govt of India under the RUSA Scheme, Golden Jubilee Centre for Entrepreneurship and Innovation- Guru Nanak Dev University Amritsar (GJCEI) and SERB-DST. The contribution of the Department has been recognised both nationally and internationally and the faculty has been awarded for outstanding contribution in the field of Textile Chemistry and ‘Young Engineering Award by Pearl Foundation, Bengaluru.

State of the art instruments like Computer Colour Matching Spectrophotometer (Data Colour), Washcator, Crockmeter, dyeing and printing machines, Tensile strength Tester, UV-Vis Spectrophotometer, etc. are available for research and teaching. The department has access to online journals from RSC, ACS, Taylor and Francis, etc. The accomplishments of this department are especially attributed to the collaborative efforts of the teaching faculty, research students and the non-teaching staff of the department.

iv. Distinguished Alumni:

Distinguished Alumni of this B.Tech programme are currently working in various segments of the Textile industries (such as Vardhman, Nahar, Arvind mills, JCT phagwara, Alok industries, Trident, Malwa industries, Aarti International, Raymonds, Wellspun, Shingora and OCM, etc). After gaining the experience, some of them have joined garment brands like Reebok, Fila, Adidas, Nike, Liliput, Monte Carlo, etc; Garment Processing Units of all reputed Industries like Madura Garments, Raymonds, Orient Craft Ltd, Dyes and Chemicals marketing like in DyStar, Huntsman, Clariant, BASF, Resil, Atul, Rossari, etc. Merchandising/Buying houses like GAP, Esprit, ITC, Triburg, Impluse, Apparel Retail Chain

Supply Management like Decathlon, Shopper Stop, Pantaloon, Reliance Trends, Planet Fashion, Life Style, West Side etc. having packages more than Rs 30 Lacs/Annum.

The curriculum of Five Years Integrated Program in Chemistry is designed in such a way that the students are trained with fundamentals of different branches of Chemistry during the first three/four years, which serves as a spring board either to complete the five-year integrated programme or even to get admission in other Programmes such as Masters Programme/Ph. D Programme in India or abroad. In the former case, in the fifth year of Five Years Integrated Program, students are trained in most advanced curricula covering different fields of Chemistry so that students are able to clear NET/GATE, National exams to get admission in Ph.D. Programme in any institute in India. They are also trained to take jobs in leading Chemical /Pharmaceutical/Agrochemical/Petrochemical and allied industries. The hallmark of this Programme is a research project during the fourth year of the Five Years Integrated Program in which students are trained for doing research in fundamental as well as applied aspects of Chemistry. They are also trained to use sophisticated instrumentation to augment their competency.

Learning Outputs

- Learning of different branches of Chemistry (both fundamental as well as advanced).
- Learning of experimental techniques to undertake synthesis, characterization, analysis, analytical techniques, instrumentation etc.

Training for undertaking advanced research in modern areas of Chemistry and technology.

Competency Development

The curriculum of two-years P.G. programme in Applied Chemistry (Pharmaceuticals) is designed keeping in mind the requirements of the Pharmaceuticals/ Cosmetics/ Chemicals industry and the students are given extensive training both in theory as well as practical aspects. To augment their skills further, they are provided industrial training for 5-6 months duration to make them industry ready so that they get employment in such industries and are capable of handling production, quality control/quality assurance as well as R & D departments with confidence. The degree is specially meant for producing trained workforce for Chemical Industry. Those students who wish to go for higher education such as Ph.D. in Chemical Sciences are also eligible to do so.

Learning outputs

- Fundamentals of industrial Chemistry with special emphasis to Pharmaceutical Chemistry
- Hands on training in different aspects of Pharmaceutical production, analysis and quality control.

Salient features of the Department of Chemistry

i) Core Competencies

The Department of Chemistry imparts competencies in all the major areas of Chemistry like: Inorganic Chemistry, Organic Chemistry, Physical Chemistry, Analytical Chemistry, Industrial Chemistry, Applied Chemistry, Chemistry of Materials, Pharmaceutical / Medicinal Chemistry etc.

The Department trains its students for the use of various sophisticated instruments like NMR, IR, HRMS, X-ray crystallography, Ultraviolet and Visible Spectroscopy, Fluorescence Spectroscopy, Isothermal Calorimeter, Physisorption etc.

ii) Niche Areas

The Department is especially known for Supramolecular Chemistry for which it is Centre for Advanced Studies as per UGC. Apart from that the faculty is known for Structural Chemistry, Pharmaceutical Chemistry, Organic and Physical Chemistry, Material Chemistry and Textile Processing Technology.

iii) Special Features

The Department of Chemistry established in 1971 is one of the oldest Departments of Guru Nanak Dev University. The Department has earned repute at the National & International level with the coordination and achievement of the dedicated faculty and non-teaching staff. The Department has been granted the status of "Centre for Advanced Studies", by UGC, New Delhi with the financial grant of Rs.136 lakhs for the period 2008-13 under phase I and again in phase II with grant of Rs. 300 lakhs (2014-2019). The Department of Science and Technology (DST) also sanctioned a grant of Rs. 256 lakhs under FIST for the period 2009-2014 and Rs. 295 lakhs for the period of 2018-2023. The state of the art research facilities in the Department such as 300 MHz NMR spectrometer, X-Ray powder Diffractometer, CCD X-ray diffractometer, IR with variable temperature facility,

Fluorescence Spectrophotometer, HPLC, Tensiometer, Molecular modeling software, DTA-TGA Differential Scanning Calorimeter and Microwave Synthesizer. The central research facility has 400 & 500 MHz NMR spectrometer, BET analyzer, vibratory sample magnetometer, Isothermal calorimeter, Dynamic light scattering, SEM, TEM etc. state of the art instruments. Modern fume-hoods are available in the research laboratories. Most of the student laboratories have been fitted with RO water purifier systems and Electronic balances.

All the faculty members have internet facility; the students have access to internet in the specially designed computer laboratory. The Department aims at quality education and research in the field of Chemistry. The syllabi are regularly revised from time to time.

Competency Development

The knowledge and skills imparted through this programme prepare the students to become highly skilled and professional food technologists who find placements in food processing industry in India and abroad. The students are equipped with required technical knowledge to contribute to innovations and solving problems related to food processing.

Learning Outcome

The B.Tech. (Food Technology) Programme offered by the Department of Food Science and Technology is well aligned with the latest requirements of the food industry. The students are trained to become successful food technologists, scientists, engineers and entrepreneurs. The B.Tech. Programme curriculum offers class room teaching including tutorials, laboratory and pilot plant experiments, industrial visits, seminars, guest lectures, workshops, in-plant training, research projects, etc. The students are imparted training in core food processing and technology areas namely, dairy, cereals, pulses, oil seeds, fruits, vegetables, egg, meat, fish, poultry, spices, flavours, sugar, and confectionery. The food engineering skills are imparted through Programmes like heat and mass transfer, fluid flow, mechanical operations, food process engineering, engineering graphics, thermal science, biochemical engineering, etc. Other Programmes like quality assurance, food processing plant layout and design, human resource management, etc. help students acquire the required knowledge and skills to start a career in food industry or to be successful entrepreneurs.

Eligibility

(A)

- (i) For admission to B.Tech. Programmes under lateral entry scheme, the candidates must have passed two years Diploma after 10+2 or three years Diploma after matriculation examination in the relevant subject (Integrated Diploma in Food Technology/ Food Technology) from a State Technical Board. The candidate must have obtained 50% (45% for SC) marks as aggregate in the Diploma Programme.

Such candidates can be admitted in second year of B.Tech. Programme.

- (ii) All those candidates who have passed B.Sc. Degree from a recognized University as defined by UGC, with at least 50% marks (45% in case of candidates belonging to reserved category) and passed XII standard with Mathematics as a subject shall be eligible to apply.
- (a) Students, who have passed B.Sc. Degree from a recognized University as defined by the UGC, shall clear the subject of Engineering Graphics/ Engineering Drawing and Engineering Mechanics of the first year engineering program along with the second year Programmes.
- (b) Students belonging to the B.Sc. Stream may further note that they shall be considered only after filing the supernumerary seats in this category with students belonging to the Diploma stream.
- (B) Candidates who have appeared/ are appearing in the qualifying Diploma examination to be held during the current session shall also be eligible for submission of admission form but they will have to pass the Diploma before the date of counseling, otherwise, they will not be considered for admission. Such candidates will not have any claim, whatsoever, with regard to the admission to the Programmes.

Mode of Admission

Admission will be based on **inter-se merit of the qualifying examination**. The counselling will be held at GNDU Campus by the **Coordinator Dr. Sandeep Sharma Professor & Head, Department of Computer Engineering and Technology**.

3. The degree programme offered under Five Years Integrated Programmen (FYIP) in M.Sc. (Food Technology) after Senior Secondary Examination (10+2)

- B.Sc. (Food Technology) (3 years duration)
- B.Sc. (Honours) (Food Technology) (4 years duration)
- B.Sc (Honours with Research) (Food Technology) (4 years duration)
- M.Sc. (FYIP) (Food Technology) (5 years duration)

The Students admitted to Five Years Integrated programme in Food Technology (FYIP) will be awarded degrees of **B.Sc. (3 years duration), B.Sc. (Honours) (4 years duration), B.Sc (Honours with Research) (4 years duration), M.Sc. (5 years duration)** with following exit options:

- i. The eligible students, who successfully complete 3 years (6 semesters) of Five Years Integrated Programme will be awarded degree of **B.Sc. (Food Technology)** and will have an option to exit the programme.

- ii. The eligible students with equal to or more than 7.5 CGPA(75%) in B.Sc. degree (3 years duration), who opt for research in the 4th year of Five Years Integrated Programme will get **B.Sc. (Honours with Research) (Food Technology)** after successfully completing 4 years (8 semesters) of Five Years Integrated Programme and will have an option to exit the programme.
- iii. The eligible students with equal to or more than 7.5 CGPA (75%) in B.Sc. degree (3 years duration), who do not opt for research in the 4th year of Five Years Integrated Programme will get **B.Sc. (Honours) (Food Technology)** after successfully completing 4 years (8 semesters) of Five Years Integrated Programme and will have an option to exit the programme.
- iv. The eligible students with less than 7.5 CGPA (75%) in B.Sc. degree (3 years duration), will not be offered option for research in the 4th year of M.Sc. (Food Technology) (FYIP) will get **B.Sc. (Honours) (Food Technology)** after successfully completing 4 years (8 semesters) of Five Years Integrated Programme and will have an option to exit the programme.
- v. The eligible students will be awarded **M.Sc. (FYIP) (Food Technology)** after successfully completing 5 years (10 semesters) of Five Years Integrated Programme.

Competency Development:

The curriculum of M.Sc. (Food Technology) (Five Years Integrated Programme) is designed in such a way that the students are trained with fundamentals of different branches of Food Technology during the first three/four years, which serves as a spring board either to complete the five-year integrated programme or even to get admission in other Programmes in India or abroad. In the former case, in the fifth year of M.Sc. (Food Technology), students are trained in most advanced curricula covering different fields of Food Technology so that students are able to clear National exams to get admission in Ph.D. Programme in any institute in India.

They find placements in food processing industries, food regulation and safety department, academics as well as research and development organizations in India and abroad. The hallmark of this Programme is a research project during the fourth year of the FYIP in which students are trained for doing research in fundamental as well as applied aspects of Food Technology. They are also trained to use sophisticated instrumentation to augment their competency.

Learning Outcome:

- Learning of different branches of Food Technology (both fundamental as well as advanced).
- The programme also includes laboratory experiments, industrial visits and in-plant training through which students develop knowledge and skills of various analytical techniques involved in food product development and analysis.
- Training for undertaking advanced research in modern areas of Food Technology.

4. The degree programme offered under 2 Year P.G. Programme in Food Technology after Bachelor's Degree:

- P.G. Diploma in Food Technology (1 year duration)
- M.Sc. (Food Technology) (2 years duration)

The Students admitted to M.Sc. (Food Technology) 2 Years programme will be awarded degrees of **PG Diploma (1 year duration)**, **M.Sc. (2 years duration)** with following exit options:

- i. The eligible students with Bachelor's degree from the allied disciplines seeking admission to 2 year P.G. programme in Food Technology will be awarded **P.G. Diploma in Food Technology** after successfully completing 1st year (2 Semesters) of

programme and will have an option to exit the programme.

- ii. The eligible students will be awarded **M.Sc. (Food Technology)** after successfully completing 2 years (4 Semesters) P.G. programme in Food Technology.

Competency Development

The knowledge and skills imparted through this programme prepare the students to become highly skilled and professional food technologists who find placements in processing industry, academics as well as research and development organizations in India and abroad. The students are equipped with required technical knowledge to contribute to innovations and solving problems related to food processing.

Learning Outcome

This Programme provides fundamental as well as advanced knowledge about the technologies involved in the processing of milk, fruits, vegetables, cereals, legumes, oilseeds, egg, meat and poultry. Other important Programmes taught are food engineering, food chemistry and food microbiology. The programme also includes laboratory experiments, industrial visits and in-plant training through which students develop knowledge and skills of various analytical techniques involved in food product development and analysis. During the M.Sc. programme each student handles a research project which helps them acquire the research and development, and technical writing skills required to work in academia and industrial research and development sector.

About the Department

Salient features of the department

The Department of Food Science and Technology was established in 1994 with the objective of generating highly skilled manpower to meet the requirements of food processing industry. The M.Sc. (Food Technology) program was started in 1993 and after its success was followed by B.Tech. (Food Technology) program in 1995. The department also offers research guidance leading to Ph.D. degree. The department is well equipped with sophisticated instruments to carry out advance research in Food Science. Faculty members are providing consultancy & analytical services to Food Industry and Government welfare programs. The Department is mainly engaged in carrying out advanced research in the fields of Starch Chemistry, Protein Chemistry, Product Development and Analyses, Food Rheology and Textural Studies with international recognition. The Department has specialized laboratories to conduct research in the areas of: Cereals, Legumes and Oilseeds Processing; Fruits and Vegetables Processing; Meat, Fish and Poultry Processing; Milk and Milk Products processing; Food Analysis and Quality Control; Food Engineering; Product Development; Sugar and Confectionary Processing; and Sophisticated Instrumentation facilities.

Learning Outputs and Competencies of M.Sc. Mathematics

On successful completion of **M.Sc. Mathematics**, the students can apply their knowledge of Mathematics to interdisciplinary fields and can pursue research in Pure/Applied Mathematics and Statistics. They can also pursue career in academic/research institutions, software companies, etc. They are eligible for various National/State level Competitive tests such as NET, GATE, Public Service Commission, etc.

Niche Areas of Research

Research facilities exist in Pure Mathematics, Applied Mathematics and Statistics. Some of the key areas in which the existing faculty is working are: Applied Functional Analysis (Wavelet and Inverse Problems), Multiple Comparison Procedures, Survey Sampling Theory, Fluid Dynamics, Analytic Number Theory, Algebra, Cryptography and Numerical Analysis.

About the Department

The Department of Mathematics, established in 1969, is one of the oldest Departments of Guru Nanak Dev University. The Department has earned repute at the National & International levels with the coordination and achievement of the dedicated faculty and non-teaching staff.

Our esteemed faculty members are actively involved in research activities related to their areas of research and have been funded research projects from various national and international funding agencies like UGC, DST, SERB, ERASMUS(EU), Royal Academy of Engineers(London). Our faculty members have also availed travel grants from various funding agencies for visiting foreign countries (such as USA, UK, Switzerland, China, Germany, France, Italy, Turkey, etc) to get academic exposure.

Our students have access to internet in the computer laboratory, which is equipped with hi-tech facilities. Our department is imparting quality education and giving research training to the students in the field of Mathematical Sciences. The syllabi of different offered programmes are regularly updated as per the current need of academic/ research institutions and industries.

Competency Development:

The curriculum of two-years M.Sc. (Physics) Programme is designed to provide opportunity to students who have done B.Sc. (Non-Medical) from colleges and other institutions. Students are trained with both fundamentals as well as advanced sub-disciplines of Physics. Students get intensive practical training during practical classes as well as a research project. In the latter, they are equipped to undertake a brief but well defined research problem, under the supervision of a department faculty so that they get basic training to pursue research in national laboratories, R& D centres of industries or Ph.D. programme in physics and related disciplines.

Learning Outputs

- Fundamentals of physics and advanced topics offered in the curriculum.
- Practical training in theoretical and experimental physics with relevance to both industry and doctoral level research.

Salient features of the Department of Physics

Core Competencies

The Department of Physics imparts competencies in all the major areas of Physics like: condensed matter and materials physics, nanotechnology, spectroscopy, atomic and nuclear physics, theoretical and experimental physics, plasma physics, electronics and analytical instrumentation and computational techniques.

The department trains its students for the use of instruments like X-ray diffraction, Scanning and Transmission Electron Microscopy, UV-visible, infrared, Raman and fluorescence spectroscopy,

Special Features

State of art experimental facilities have been established in the department as well as in the university. The research equipment such as FE-SEM, HRTEM, AFM, X-Ray diffractometer with thin film attachment, Micro-Raman spectrometer, UV-visible and fluorescence spectrometers, Differential Scanning Calorimeter, Impedance Analyzer, Gas Sensor Test Facility, Ball Milling, RF Sputtering System, Vacuum Coating Units, Spin Coaters, Glove-Box, High Temperature Furnaces and Computation Labs are available.

Research work is being carried out by the faculty and doctoral students and is focused in the areas of Material Science, Nuclear Geo-Physics based seismotectonic studies, Environmental Radioactivity, Theoretical Nuclear Physics, Plasma Physics, Atomic Physics and Quantum Computation. The research in material sciences is being carried out in thin

films, oxide and chalcogenide glasses, bio-active glasses, glass-ceramics, radiation effects in glasses, neutron and synchrotron X-ray diffraction analysis of glass and crystalline materials, gas sensors, solar cells, superionic materials, fluorescent and multiferroic materials, energy storage devices and ferromagnetic semiconductors. The department has received financial assistance from DST under the FIST-programme, from UGC under the SAP (DRS-II) programme and the faculty has several ongoing research projects in different fields sanctioned by funding organizations viz. DST, CSIR, IUAC, UGC-DAE-CSR and BRNS.

After the completion of graduation and post graduation programs, the students are placed in different educational institutes, research establishments (such as BARC, TIFR, DRDO, PRL and IPR etc.), defense laboratories and software companies. M.Sc students have also been admitted to different institutes abroad for Ph.D and other higher degree programs.

Learning Outputs and Competencies

The Department of Physiotherapy is renamed from its earlier name “Sports Medicine & Physiotherapy” which was established in 1995. Being a student of Bachelor of Physiotherapy one can assess, evaluate and diagnose various Physiotherapy related conditions. After completion of BPT, the students can practice independently or perceive higher education in India and abroad. MPT (Ortho) is specialization deals with the physiotherapy services in various orthopaedic conditions which is in great service for the people of all strata of the society.

Niche Areas of Research of the Department

On the research aspects, this Department has done various researches in the field of physiotherapy which is fruitful for health benefits of the society. It has one of the most comprehensive research laboratories in the field of all concerned branches of Physiotherapy and Rehabilitation.

Special Features

MYAS-GNDU Department of Sports Sciences & Medicine has been established in December 2017 and is the only department of sports sciences & medicine in any state university in India. This is the only department in India, which offers Ph.D. programme in sports medicine and sports physiotherapy. It has one of the most comprehensive research laboratories in the fields of neurophysiology, motion analysis, human performance, sports psychology, exercise physiotherapy, kinanthropometry, exercise physiology, isotonic and VO₂ calculation. On the teaching aspect, this department was the first to introduce Masters in Sports Physiotherapy in South Central Asia, which has now been renamed as Masters' in Physiotherapy (Sports Physiotherapy). This department has been established in collaboration with Ministry of Youth Affairs and Sports (MYAS) in order to generate human resource specialized in the field of sports sciences. In addition, the department is now running dedicated programmes in Sports Sciences including Sports Psychology, Sports Physiology and Sports Biomechanics. The students receive on field training and attachments to teams. The department is successfully running clinics for each field for counseling and treatment. The department is also successfully running professional master's degree programme in Hospital Administration.

Administration

DEAN, ACADEMIC AFFAIRS

Prof. Sarbjot Singh Behl

Dean, Academic Affairs deals with matters related to academics and the development, curricula, infrastructure, classroom instructions and research. The Dean is the formal link between the Teaching Departments and the Vice-Chancellor. The Dean co-ordinates, supervises and finally approves the admission of the students made by the Boards of Control to various University Departments. He also grants exemption from payment of tuition fee to the deserving students under various schemes of the University. Office of the Dean, Academic Affairs is located in the Vice-Chancellor's Office Complex.

DIRECTOR OF RESEARCH

Dr. Renu Bhardwaj

The Directorate of Research deals with matters relating to research in the University. It Includes, Postgraduate research leading to M.Sc., M.Phil and Ph.D. degrees; submission of new research projects for external funding and development of national and international research collaborations. The Directorate deals with developing Memorandum of Understanding with other institutions, scholarships and memorial lectures etc. The office also looks after the rate contract with various firms for the purchase of equipments, chemicals, glassware etc. and assists the departments for the purchase of various scientific equipments. The Directorate monitors the progress of the research activities under the various programs like DST-PURSE scheme of Department of Science and Technology, New Delhi; “University with Potential for Excellence (UPE)” scheme of University Grants Commission. The Centralized Sophisticated Instruments facility created in the Emerging Life Science building is being maintained and regularized by this office. Ph.D Eligibility test is conducted by the Directorate for admission to Pre-Ph.D Programme every year. The office is housed in the Emerging Life Sciences Building at second floor.

DEAN, STUDENTS' WELFARE

Prof. Preet Mohinder Singh Bedi

The office of Dean Students' Welfare is located on the ground floor of Sahibjada Ajit Singh Student Bhawan. Dean Students Welfare looks after the welfare of students of the University campus. The Department provides facilities to the campus students in Sports, recreational, cultural activities, National Service Scheme, NCC, hostel accommodation, community dining, canteen services and other welfare activities. Two Units of NSS and provision for training under the NCC for boys and girls is also available in the campus.

There is a regular calendar for inter-Departmental Sports and cultural activities and students are provided with training in various cultural activities. The University campus students participate in Inter college annual youth festival every year. The DSW office also organizes inter-departmental cultural festival 'JASHAN' in March every year. Our students also participate actively in the North Zone and All India Inter University cultural festivals and earn high accolades.

In order to develop the interest of campus students in Sports, Students' Centre provides facilities for indoor games like Table Tennis, Chess, Carrom etc. Sports equipments and gear and other necessary items are provided to the students throughout the year. Four Badminton courts are available in the vicinity of students centre.

Each year, Dean Students' Welfare office organizes Inter-Department competitions in various games such as Table Tennis, Lawn Tennis, Badminton, Chess, Carrom, Basketball, Volleyball, Handball, Football, Kabaddi, Cricket, Swimming, Arm Wrestling, Best Physique, Tug of War and Hockey. Annual Sports meet is also organized. The students from various Departments participate in these competitions. The Sports persons are honoured with prizes, mementos and merit certificate.

Other playfields and facilities such as Basketball, Volleyball, Handball, Tennis, Football and Pool, Indoor Multipurpose Gymnasium, Shooting Range, Hockey Turf and Velodrome of International standards and specifications are available to the campus students throughout the year.

The Physical Fitness Centre located in the Student Centre is equipped with State of the Art equipment and machines. The teachers, students, employees and their wards are entitled to use this facility at nominal charges.

The campus students also take part in GNDU Inter-College Sports competitions, North Zone, All India Inter-University/National and Inter-National Championships. The University refunds 50% of tuition fee along with providing financial assistance to campus students who participate in All India Inter-University championships.

The campus Sportspersons who secure second or third positions in All India Inter-University or National Championships are awarded with refund of 100% fees, financial assistance and prizes. Besides the above incentives, the first position holders in All India Inter-University or National Championships are also honoured with blazer and University Colour.

Apart from these facilities, the students from economically weaker section are given opportunity to earn some income in the scheme "Earning while Learning" run by the Bhai Gurdas Library.

As per the UGC guidelines on Safety of Students, the University has put in place a Student Counselling Centre for effective redressal of problems and challenges faced by the students in their academic as well as personal life.

Centre for Data Analytics and Research
Guru Nanak Dev University, Amritsar

Professor Incharge:

Dr. Balwinder Singh

System Manager:

S. Bhupinder Pal Singh

The Centre for Data Analytics and Research, CDAR, was established with an intent to boost the research activities not just in the university but in the region. With the need to tap the immense potential of the young and seasoned researchers, the Centre was conceived to work for research solutions and act as catalyst for quantitative and qualitative enhancement research in the region. CDAR has been established with the purpose to provide necessary support to the researchers and academicians of the region by strengthening the analytical aspects of research to arrive at meaningful and robust conclusions.

The centre was envisaged to undertake the following activities:

- To provide constructive inputs to researchers submitting/intending to submit research proposals to funding agencies.
- To provide analytical inputs to research scholars for Ph.D. in various disciplines.
- To provide consultation and expertise to faculty and researchers to facilitate publication of manuscripts in reputed journals.
- To organise workshops/training programs to instil and polish analytical skills of potential researchers.
- To run short term (1-2 days) Programmes on research methodology, statistical analysis, thesis writing, research paper formulations and critical analysis of research papers to sensitize the students and the faculty.

The centre has successfully conducted national level workshops and training programmes enabling researchers, faculty and students to comprehend the finer nuances of data analytics, research methods and ethical issues in research. The centre has provided comprehensive research related services to the researchers of all disciplines from different geographical locations to prepare them for effective and influential research. Realising the indispensability of data, CDAR has made available the three credible, comprehensive and the most accessed databases for researchers in the field of social sciences: ACE EQUITY, ProwessIQ and Captaline. CDAR is dedicating itself to the service and assistance of researchers and has been guiding and addressing queries pertaining to various facets of research ranging from accessing the literature, data collection, data cleaning and most importantly analysing the data in the best and methodologically sound manner. To address the issues/problems of researchers, the centre indulges in developing customized programs on different research issues like Trading Activity and Pricing Efficiency; Examining Intraday Stock Market Anomalies in India; and measuring long run performance of IPOs in India.

Centre has shouldered the responsibility of sensitising the researchers about the efficacy and eminence of open-source software, providing familiarity to these open source software promoting the use of statistical software like R, R studio, R Commander, Jamovi, Gretl,

Bluesky, Jasp etc. CDAR has also introduced two inter-disciplinary Programmes in the open source software R and data analysis. Also, the centre has been making untiring efforts to keep the students and researchers abreast with the latest developments, upcoming programs, and important updates through its dynamic website: <http://cdar.gndu.ac.in> whereby the stakeholders can keep themselves informed.

Guru Nanak Dev University accredited by NAAC with 'A' grade was established on November 24, 1969 to mark the 500th birth Anniversary of Sri Guru Nanak Dev Ji. It is both a residential and affiliating University. Guru Nanak Dev University has made phenomenal progress in the field of Sports in the Inter-University, National and International competitions. The Department of Physical Education (Allied Teaching) was set up in 1970. The Department started organizing Inter-College tournaments from 1970 onwards and sent teams for the Inter-University tournaments for the first time in 1971-72.

Each year, the Department of Physical Education (Allied Teaching) organizes about 110 GNDU Inter-College (Men and Women) Championships and participates in about 90 All India Inter-University (M&W) Championships in different games. In order to attain excellence in Sports, summer coaching camps for selected men and women players are organized at Hill Station / Main Campus, Amritsar every year for imparting physical fitness and conditioning training. Liberal facilities are provided to the players who participate in the Inter-University tournaments as members of Guru Nanak Dev University teams in terms of free boarding and lodging during coaching camps and cash prize money to those players who win the positions in Inter-University / National and International competitions.

Today, in the field of Sports, Guru Nanak Dev University is rated as the Top University amongst 610 Universities in the country. The unparalleled achievement of Guru Nanak Dev University in Sports is much due to its Sportsmen and Sportswomen of the colleges as well as a mechanism of 'right type of training' 'right type of selection' and 'right type of administration' which remain the key factors in achieving high standards in Sports at Inter-University, National and International levels. **The University has won India's**

Dr. T P Singh Walia, M.Sc., PhD

Drug and Pollution Testing Laboratory (DPTL) was established as per the decision taken by Syndicate in its meeting held on 15.10.2018 vide Para no: 5.7 for providing a very wide range of testing services independently. DPTL has the main objective of having a central facility in the Guru Nanak Dev University Campus to carry out high end testing, consultancy & research. In addition to research programs, it was envisaged to have state of the art testing & characterization facility to cater to the high end testing needs of the industrial organization as well as educational institutes of the region. The Government of India is strongly committed to improving the quality and safety of drugs and control of pollution in the country. A number of initiatives have been taken in last few years to improve the capacity of testing laboratories and to upgrade systems and procedures. With the increasing pace of industrialization, the need for continuous monitoring of pollution due to industrial sources has become significant. Industries are required to provide pollution control measures to meet the standards prescribed by Government. At present, DPTL Labs is mainly involved in drug testing and environmental pollution monitoring of different industries and environmental samples in addition to consultancy in the area of environment pollution and drug product development.

Objectives

- To provide analytical, technical, consultancy services
- Extension of basic research to specific applications involving novel products, processes, techniques or devices
- Researching with the object of developing and designing new and/or improved techniques and/or methods for controlling and/or reducing environmental pollution- water pollution, air pollution or any other pollution – caused particularly by industries
- To discover and develop methods for the beneficial utilization of natural resources
- To organize and foster the training of research workers in the fields related to its objects and to undertake training programs

Drug and Pollution Testing Lab has the main objective having central facility in the Guru Nanak Dev University campus to carry out high ending testing, consultancy & research. In addition programs, it is envisaged to have state of the art testing & characterization facility to cater to the high end testing needs of the industrial organization as well as educational institutes of the region.

Established in 1973, the University Health Centre provides clinical as well as ancillary services like pharmacy, radiology and laboratory to the students, teaching and non-teaching employees, their dependants and retired persons. The facilities available in the centre include clinical lab tests, ECG, Digital X-Ray, OPG, BMD scan, Mammography, Minor Operation Theatre, Emergency and Ambulance Services. A full fledged dental clinic with all the latest and sophisticated dental equipments like Digital X-ray, Vista Scan, Ultrasonic scaler, Endodontic light cure gun etc. is present. An interdisciplinary Sports Dentistry Clinic in association with MYAS GNDU Department of Sports Science and Medicine is also being run in the dental wing of the health centre. The health centre is adequately assisted by paramedical and other supporting staff. Apart from medical and dental OPD, we also have alternative medical system in the Ayurvedic dispensary which has been set up by the Punjab Government under the charge of an Ayurvedic Medical Officer. Health Centre also contributes and assists various teaching departments such as MYAS-GNDU Departments of Sports Sciences and Medicine, Physiotherapy, Physical Education, Microbiology, Bio-Technology, Pharmaceutical Sciences in the academic as well as research activities and programs. Health Centre also deposes its staff for tournaments that are organized on the campus by the Department of Physical Education (Allied Teaching). It has a well equipped Physiotherapy Centre, which provides physiotherapy services to the university patients including sports persons. Health Centre remains open for 24 hours even on Sundays, gazetted and declared holidays; and one pharmacist and one attendant are deputed round the clock. Health Centre has also set up a medical room in the girls' hostels and a staff nurse remains available there during night.
