These colleges have been established as a result of united effort of UGC, Government of Punjab and Guru Nanak Dev University, Amritsar with special purpose of raising the standard of higher education especially in rural area. Higher education scenario globally has witnessed a significant change in approach and a remarkable growth. Higher education in India too, has readily adapted to the global demands and every institution has geared up to meet the global challenges by harnessing the latest technologies in education front. The major focus is on creating an optimized and vibrant platform for quality in knowledge enhancement and bridging the gap between academia and industry with an objective to build up core competence in students integrating knowledge with skills on the foundation of ethics and values. These colleges provide quality and affordable education to needy students.

While cherishing the journey and milestones achieved so far, we must look forward and prepare ourselves for future challenges to propel these colleges to even greater heights. The primary focus is to follow the New Education Policy (NEP) in its true spirit, fostering inter-disciplinary research, deepening industry-academia collaboration, exploring and developing new avenues of knowledge, and resource generation through knowledge transfer. The students spend a significant portion of their lives on campus. They join the colleges to make their dreams a reality.
