

GURU NANAK DEV UNIVERSITY COLLEGE PHILLAUR

PROSPECTUS **2026-27**

REGISTRAR'S MESSAGE

I deem it my privilege to serve as the Registrar of the University named after Guru Nanak Dev Ji. It presents before me a unique opportunity, as well as a challenge, to meet the aspirations and expectations of all stakeholders involved in the functioning of this institution. I feel deeply honored to share the achievements of Guru Nanak Dev University, Amritsar, in the domain of administrative excellence.

Its status as a “University with Potential for Excellence,” conferred by the UGC, is equally reflected in its administration.

The number of students enrolled in the University, including its affiliated colleges, has reached approximately 1.5 lakh, with a majority coming from rural areas. One of my key goals is to bring greater transparency to the functioning of the university. With a view to expanding its reach at regional, national and international levels, the University has introduced state-of-the-art computer technology to enhance administrative efficiency in areas such as admissions, examinations and the declaration of results.

The timely availability of results plays a crucial role in supporting students who seek placements in a competitive job market and/or pursue higher education in India or abroad. The University website has significantly enhanced our global connectivity and the response has been encouraging. The revamped website provides comprehensive information on various courses offered by the University, details of faculty expertise and other notable achievements in a user-friendly manner.

Furthermore, the University offers facilities for the online payment of fees and charges as well as the disbursement of pensions to retired employees. All syllabi and forms have been uploaded for the convenience of students. The University has also introduced the CGPA system within the campus and its regional centres, where tests and examinations are conducted and results are declared according to a transparent and regular schedule.

The team of teaching, non-teaching and supporting staff works with dedication and commitment to provide timely services to students.

Prof. (Dr.) Karamjit Singh Chahal
Registrar

DEAN CDC'S MESSAGE

It is a matter of honor and immense pleasure that destiny has given me the opportunity to lead the colleges associated with Guru Nanak Dev University, Amritsar. These colleges have been established with the special purpose of raising the standard of higher education especially in rural areas.

The global higher education scenario has witnessed significant changes in approach, along with remarkable growth. Higher education in India, too, has readily adapted to global demands and every institution has geared up to meet these challenges by harnessing the latest technologies on the educational front. The major focus is on creating an optimized and vibrant platform for quality knowledge enhancement and bridging the gap between academia and industry, with the objective of building core competence in students by integrating knowledge with skills on a foundation of ethics and values.

These colleges provide quality and affordable education to needy students. While cherishing the journey and milestones achieved so far, we must look ahead and prepare ourselves for future challenges to propel these colleges to even greater heights. The primary focus is to follow the New Education Policy (NEP) in its true spirit by fostering interdisciplinary research, deepening industry–academia collaboration and exploring and developing new avenues of knowledge and resource generation through knowledge transfer.

Students spend a significant portion of their lives on campus. They join these colleges to turn their dreams into reality. In a world where change is the only constant, the colleges provide students with a solid foundation for their careers. They are given opportunities to integrate their minds, imagination and emotions in order to become capable of addressing public issues. Students have twofold responsibilities: one is to transform themselves and the other is to address the complex problems faced by society.

It is my earnest appeal to students to make the best use of the time they spend in college for their holistic development. They must keep their curiosity alive and experiment with new ideas. Let us educate society and make it capable of generating innumerable ideas for human welfare. I am hopeful and confident that, with the support and commitment of everyone, we will achieve new milestones with ever-rising benchmarks, help our youth realize their dreams and propel these colleges to new heights.

I urge students to choose these colleges as their first preference.

The credit also goes to the Vice-Chancellor of the University, who has put in great efforts to establish and develop these colleges.

PRINCIPAL'S MESSAGE

It is a matter of great pleasure that I have the opportunity to welcome the newcomers joining Guru Nanak Dev University College, Phillaur.

This premier institute came into existence in 2016 with the mission of uplifting the rural strata through the imparting of quality education. The admission process for the 2026–2027 session has already begun. We offer a wide range of courses, including B.A., B.Com., B.B.A., B.Sc. (Economics), B.C.A., CIPA, CCA, PGDCA, M.Com., M.Sc. IT and M.A. in Punjabi.

To my mind, an educational institution is not merely about bricks, mortar and concrete; rather, it is about building character, enriching minds and creating experiences that last a lifetime. Along with academics, we strive to refine the essential skills, attitudes and aptitudes of our students.

In the new education system, special emphasis is being placed on vocational education so that students can acquire knowledge in accordance with the needs of the time and become capable of confidently facing the challenges of the modern era.

I sincerely pray that our young students grow intellectually and morally strong, achieve great heights and emerge as inspiring role models for society. May they draw inspiration from the noble teachings of Sahib Shri Guru Nanak Dev Ji, embrace high moral values in their lives and remain steadfast in upholding them.

On behalf of Guru Nanak Dev University, Amritsar and my devoted staff, I assure you that we will provide quality education within affordable limits. The students admitted to this college are advised to work diligently and put forth their best efforts to gain knowledge under the guidance of our able and dedicated teachers. Once again, I warmly welcome you all to this esteemed institution of Guru Nanak Dev University, Amritsar and wish you the very best for your journey here.
