## VC'S MESSAGE

*In the on-going journey since 24th November, 1969, Guru Nanak Dev University has become an institution of iconic marvel in academics, sports, sciences having been conferred the status of "University with Potential for Excellence" by UGC and accredited at "A++" grade (highest level as per modified criteria) by NAAC. More than twenty departments of the University have received varied grants under UGC: SAP, DST-FIST and PURSE. The commitment to follow the path of success and our forte to strive for better shall definitely lead us towards grander zeniths. In addition to the green campus, excellent architecture, state-of-the-art infrastructure in well*

*equipped laboratories, contemporary workrooms for research and teaching, facility of online admissions, online counselling for State Level Admissions, Credit Based Evaluation System, more than twenty thousand learners in various faculties at its Main Campus, four Regional Campuses and nine Constituent Colleges to its credit, there are certain essential philosophies and ideologies that ensure the lasting repute of Guru Nanak Dev University. We foster a desire for extraordinary performance. We provide an autonomous work environment and as a result, many members of faculty and researchers have won prestigious international recognitions and major research projects from UGC. To sustain our pledge to fineness, the teachers and scholars have been given the liberty to infiltrate invisible disciplinary barriers, develop an understanding of society, culture and science to produce works that establish interdisciplinary relationship between science and literature, economics and environment, social science and linguistics, physiotherapy and psychology etc. Our expertise is highly sought after by the Government and many members of our faculty have been serving the Government of India in the highest capacities. Our Credit Based Evaluation System and a well-developed placement cell assure the continuity of learning process and employment security to our students. Grading, on the basis of students' participation and involvement in academic and co-curricular work throughout the semester, warrants continuous achievement both at undergraduate and postgraduate levels. Postgraduate students are encouraged to write short dissertations, term papers, research proposals and carry out assisted research projects to make them familiar with the higher level of investigation. A receptive and influential community of our national and international alumni bind us as members of a family. A few accomplishments like, MAKATrophy for a record number of twenty two times, National Championship on cultural front for nine times, the North Zone Inter-University Cultural Championship for thirteen times, an amount of nine crores under the PURSE Programme from DST, Government of India, sophisticated instruments like NMR, TEM etc. worth more than seventy crores under different schemes as a central facility, are among many other milestones touched by the University on its humble march towards victory. The publication of our in-house research journals with high academic visibility and impact factor, various Memorandums of Understanding and collaboration with international and national universities for courses, research projects and conferences, specially designated 'Chairs', excellence in academic exploration, distinguishing faculty, and enthusiastic students are taking our university to higher peaks. My vision is to encourage a transparent culture in all fields that will enthuse in teamwork amongst all the members of the University and mine the best out of faculty and students. The aim is to reinforce the vein for exploration to achieve global distinction and excellence.*

## REGISTRAR'S MESSAGE

I deem it my privilege to serve as Registrar of the University named after Guru Nanak Dev Ji. It presents before me a unique opportunity and a challenge to meet the aspirations and expectations of all those who are stakeholders in the functioning of this institution. I feel deeply honoured to share the achievements of Guru Nanak Dev University, Amritsar in the domain of administrative excellence. Its status of "University with Potential for Excellence" by the UGC equally reflects in administration. The number of students in the University in all the courses including affiliated colleges has reached approximate 1.5 lakh, mostly in the rural areas. One of my goals will be to bring greater transparency in the functioning of our university. With a view to reach out at regional, national and international levels, the University has introduced state-of-the-art computer technology for administrative efficiency at the levels of admission, examination and declaration of results. Timely availability of results goes a long way in helping all our students, who seek placements in a competitive market and/or higher education in India or abroad. The University website has enhanced our connectivity at the global level. The response is equally encouraging. The revamped website of the University enlists the requisite information on various courses currently undertaken by the University, information regarding the expertise of faculty members and other salient achievements of the University in a user-friendly manner. Furthermore, the University provides the facility of online depositing the fees, charges and disbursement of pension to retired employees. All syllabi and forms have been uploaded for the convenience of the students. The University has introduced the CGPA system within the Campus and its Regional Centres where tests and examination are conducted and results are declared in a transparent and regular schedule. The team of teaching, non-teaching and other supporting staff works hard with dedication to provide timely services to the students.
