It is a privilege to lead as head of Constituent colleges associated with Guru Nanak Dev University, Amritsar. These colleges have been established as a result of united effort of UGC, Government of Punjab and Guru Nanak Dev University, Amritsar with special purposes of raising the standard of higher education specially in rural area. These constituent colleges are under GNDU Management and get financial support from Punjab Government. For that reason, the fee structure has been according to the government colleges. These colleges provide quality and affordable education to needy students.

While cherishing the journey and milestones achieved so far, we must look forward and prepare ourselves for future challenges to propel these colleges to even greater heights. From current year (2024-25), our primary focus is on implementing the New Education Policy (NEP) in its true spirit, fostering inter-disciplinary research, deepening industry-academia collaboration, exploring and developing new avenues of knowledge, and resource generation through knowledge transfer. In a world where change is the only constant, the colleges provide the students a solid foundation for their careers. The colleges give them the opportunity to integrate their minds, imaginations, and emotions in order to become capable of resolving public issues. The students have twofold responsibilities: one is to transform themselves, and the other is to address the complex problems faced by the society. It is my earnest appeal to students to make the best use of the time they spend at the college for their holistic transformation. The students must keep their curiosity alive and experiment new things. Let us educate society so that it is capable of generating innumerable ideas for human welfare.
